PRINCESS ELOPES WITH HER COACHMAN

BATTLE OVER BALLOT MACHINES OPENS BEFORE SUPERVISORS.

Frank C. Jordan and Senator Leavitt Set Forth the Merits of Their Respective Machines Before the Board.

There was an examination of ballot machines this morning by the Board of Supervisors which, however, resulted in no selection of either of the two contrivances offered.

The machines submitted for test were the United States Standard, and the Columbia. The matter was put over till Monday next when the District Attorney will advise the Board as to how to proceed in the matter.

The Standard was represented by Frank C. Jordan, clerk of the Supreme Court, and his brother.

The Columbia was represented by State Senator Frank Leavitt and C. Christiansen, the inventor.

The headquarters of the company manufacturing the Columbia is Indianapolis, Ind., although the machine itself was invented in Alameda county.

The Supervisors had no alternative in the matter of selecting voting machines, save to chose one or both of these contrivances, for the reason that the California State Commission on voting or ballot machines had decided that, of the several machines submitted to that body for examination, the United States Standard Voting Machine and the Columbia Voting Machine, were sufficiently mechanically perfect to permit of their being used at elections in this State.

This recommendation was made by the commission comprising Gov. G. C. Pardee, Secretary of State Curry, and Attorney General U. S. Webb, upon the report made by Prof. C. L. Cory who had been employed for the purpose as an expert mechanic.

OTHER MACHINES.

The commission in recommending these machines did not disapprove or reject other machines presented or which may hereafter be presented for examination as some of the former machines contained desirable features which, however, had not been sufficiently perfected to be safely adopted for use.

The commission also recommended that the purchasers require guarantees from and require the sellers to stand all suits for damages for alleged infringement of patent, as also that the machine be kept in good order for at least five years.

THE INSPECTION.

At the inspection this morning, which took place in the private office of the County Clerk, there were present only a few people, mainly employes of the Hall of Records and the full Board of Supervisors, namely, Messrs. Horner, Kelly, Mitchell, Rowe and Talcott.

There was a general resemblance between the machines, both with regard to width and height, and it was asserted that both weighed about the same, namely, between 500 and 600 pounds.

Each machine was draped with a curtain, which was intended to conceal the voter when expressing his preference as regards candidates for office.

The representatives of each machine showed the workings of their own contrivance and sought to impress upon the spectators and the Supervisors the merits of the device.

WARM DEBATE.

The interchange of opinions as regards the relative merits of the machines between Christiansen, the inventor of the Columbian, and Frank Jordan, the representative of the Standard, was at times warm and interesting.

Christiansen claimed that the Standard could be manipulated by election officers and thus rendered valueless as a means of recording the will of the voters.

Jordan declared that the same could be done with the Columbian, but that the proposition was that a corrupt election officer could do anything with a machine which was intended simply to register a vote which was honestly cast. An election officer was presumed to be honest.

DISHONEST OFFICIALS.

Senator Leavitt said there was no doubt that a dishonest election official could destroy the efficacy of both machines, but he defied anybody present to "fix" the Columbian machine.

JORDAN READS.

Mr. Jordan read an article showing alleged defects in the Columbia, as also how the Standard had been successful even in the home of the Columbia, and asserting that the latter had not dared to fill orders which had been given for it.

Jordan declined to open his machine at the request of Senator Leavitt, who desired to have Mr. Christianson show that the will of the people could be defeated in the registering of the votes.

The Supervisors took no part in the discussion.

They convened in executive session before the dispute as to the merits of the devices concluded and, after discussing other subjects decided, with respect to the machine proposition, to refer to the District Attorney questions as to how to proceed in the matter, whether they had authority to purchase a machine outright or whether they were required to advertise for bids for the same and whether they could buy a machine of more than one pattern.

THE COST.

The cost of each of the machines was not known to the Board, although an impression obtain that the cost of the Standard was about $650.

The District Attorney will report on the subject Monday next.

LOOKED LIKE A BRIBE.

Sensational Testimony Is Given in Shipbuilding Case.

Nixon Tells About a Deal Involving Many Millions.

NEW YORK, November 24.—Testimony of a sensational nature was introduced at the United States Shipbuilding hearing, which was resumed today.

During the course of his re-direct examination of Lewis Nixon, president of the Shipbuilding Company, Mr. Untermyer, counsel for the complainants, brought out from Mr. Nixon the statement that of the $5,000,000 additional stock issued when the company was reorganized to take in the Bethlehem Company, $1,000,000 went to Max Pam, Mr. Schwab's counsel, and $1,000,000 each to Mr. Nixon, Mr. Dresser and the Trust Company of the Republic, leaving $1,000,000, the disposition of which he did not know.

He did not know whether Mr. Schwab obtained it.

It was also brought out that at the time the Sheldon re-organization plan was under consideration, Mr. Schwab offered to purchase $100,000 bonds, with the accompanying bonus of 25,000 shares common and 25,000 preferred shares of stock issued to Mr. Nixon for $90,000, while the market value was far less than this. Mr. Untermyer making the direct charge that this was in the nature of a bribe to induce Mr. Nixon to agree to the Sheldon plan of re-organization instead of the plan for an assessment of stock which had been previously advocated. The offer was shown in two letters of Mr. Schwab to Joseph M. Hoadley, dated May 26, 1903, copies of which were introduced in evidence. Mr. Hoadley, it was testified, had conducted the negotiations with Mr. Schwab when Mr. Nixon was endeavoring to persuade Schwab to accede to the assessment plan and had, after the proposal, urged Nixon to accede to the Sheldon plan. Nixon said that at Hoadley's request he had done so.

"I think the testimony to-day shows clearly that there has been no settlement," said Mr. Untermyer during the recess.

At the conclusion Mr. Nixon gave out for publication a letter he had received from Mr. Hoadley in answer to Nixon's request for copies of the correspondence between Schwab and Hoadley.

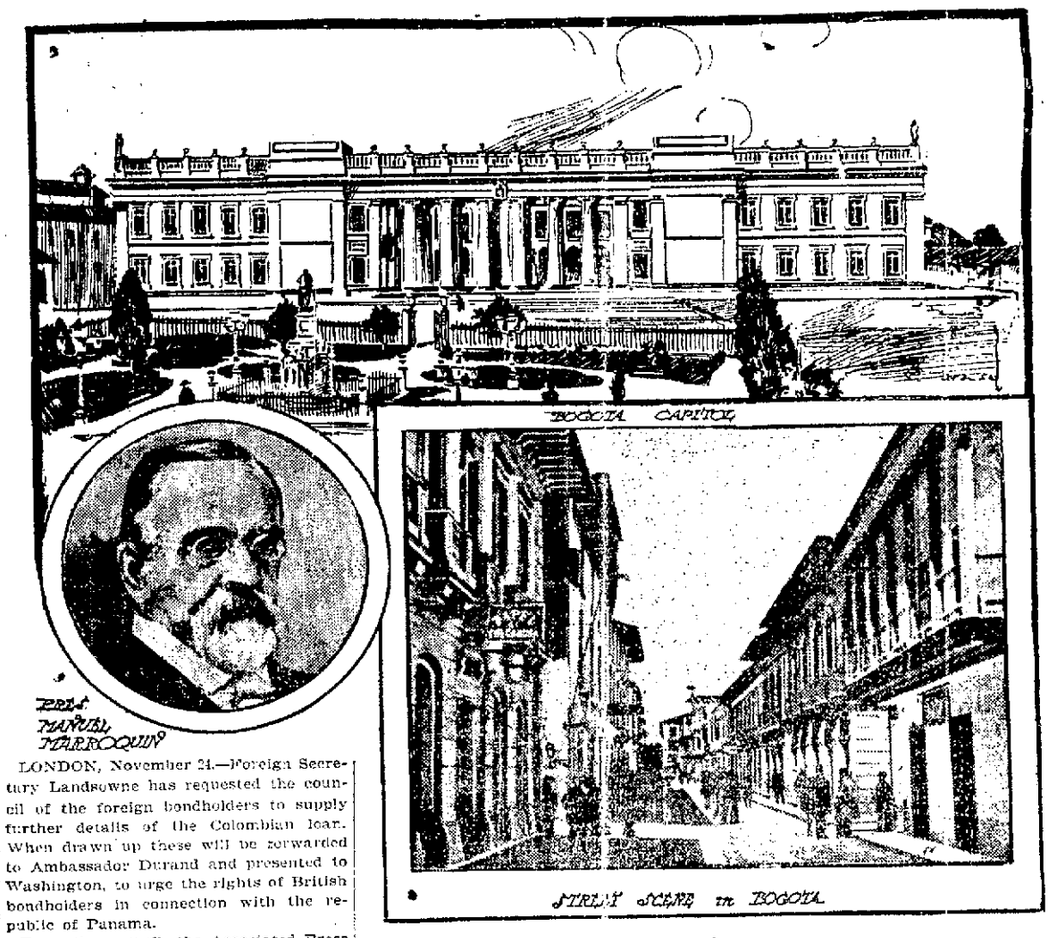

BANKER IS VERY ILL.

SAN FRANCISCO, November 24.—William P. Harrington, the well-known banker and capitalist of Colusa, who has been ill at his home on California street in this city for some time, is much worse, and his condition is reported as serious.

PIONEER DEAD.

SALINAS, Cal., November 24.—Edmond P. Jenkins, a resident of California since 1849 and of this section for over forty-seven years, is dead near Watsonville, aged 90 years.

ENGLAND HAS LARGE CLAIMS AGAINST COLOMBIA.

LONDON, November 24.—Foreign Secretary Landsowne has requested the council of the foreign bondholders to supply further details of the Colombian loan. When drawn up these will be forwarded to Ambassador Durand and presented to Washington, to urge the rights of British bondholders in connection with the republic of Panama.

From the council, the Associated Press secured the following:

"In regard to the reported statement of the Panama Commissioners that Panama declined responsibility for the Colombian debt on the ground that when the greater part of the money was borrowed, Panama was not included in Colombia, the facts appear to be as follows: Panama declared its independence of Spain November 28, 1821, and in the solemn declaration of the revolutionary junta, stated: 'That the territory of the isthmus belonged to the republican state of Colombia, to the Congress whereof it would, in due course, send its deputy.' The war with Spain continued for some time thereafter, and in 1822, Colombia issued an external loan of $10,000,000 the greater part of which was to be devoted to prosecuting the war of independence. In 1824 Colombia issued a further loan of $23,750,000 for the same purpose. It would be surprising if Panama attempted to repudiate responsibility for the money which assisted her to become part of a free state."

The foregoing is the gist of a lengthy statement which will be forwarded to the British Embassy at Washington.

CONDITIONS AT PANAMA.

NEW YORK, Nov. 24.—Dr. Arosmena, the Panama representative, was met down the bay by Roger L. Farnham, the representative of Lawyer W. N. Cromwell, the counsel for the French Panama Canal Company. Dr. Arosmena, in reply to a question concerning the payment of the $10,000,000 to Panama, said:

"The payment of money will be a matter of the treaty. I have just been informed that the treaty has been signed. I did not believe it when I first heard the news, as I did not think that it would be signed so soon."

Speaking of general conditions in Panama and of its government, he said:

"Things are quiet on the isthmus at present and are moving smoothly. The junta, which consists of a governing board of three, will rule until the national convention meets, which may be in two months. The constitution will then be adopted. There will, of course, be a president and a cabinet. I cannot tell you whether there will be a vice-president, but there will be a provision whereby there will be a substitute in case of resignation or death of the president."

Speaking of the arrival of the Colombian peace delegation, Dr. Arosmena said they were well received and that the conference was held on board the Dixie. He thought Panama could maintain her independence without aid from the United States, "if we could procure vessels sufficient to defend our coast. It is practically impossible for Colombia to reach us except by landing troops on our shores. Without the United States, however, we might not be so successful, for Colombia has an excellent army, which is well-drilled and competent. I believe that we could get ships if there was any necessity for so doing. The young men of Panama are going into the army. There is a most enthusiastic feeling on the isthmus. All parties are now united and I believe that in a case of necessity we could put ten thousand men in the field. We do not want war; all we want is peace and prosperity."

The members of the Panama Commission which arrived on the steamer City of Washington, are here from Washington. It was said that they have decided to hold the conference with Dr. Arosmena here. The treaty will be brought up and it is said that he will be consulted and that such suggestions or amendments as he may think advisable to take, may be inserted. It is also said that they have practically framed the constitution.

Captain Delano of the Dixie is en route to Washington for orders. Captain Delano was not willing to talk at all regarding the situation at Colon. He said, however, that the acute state had been passed when the Dixie arrived and that he had very little to do.

JAPAN GETTING VERY IMPATIENT.

YOKOHAMA, Nov. 24.—No reply has been received from St. Petersburg on the subject of the Japanese overtures and there are many indications that the delay in the negotiations is embarrasing Japanese foreign trade and raising impatience in Japanese circles, as shown by public meetings at Tokio, Yokohama and Osaka, protesting against the ministerial inactivity.

RAILROAD MEN GO TO OGDEN.

SAN FRANCISCO, November 24.—General Manager Krutschnitt of the Southern Pacific Company, General Passenger Agent T. H. Goodman and Chief of the Information Bureau William McMurray have left for Ogden to attend the ceremony of placing the golden spike on the Ogden-Lucin cut-off on Thanksgiving Day.

The Southern Pacific has also sent a staff of photographers.

NEW PASTOR FOR ST. PAUL'S ARRIVES TODAY.

REV. CHARLES THOMAS WALKLEY, THE NEW PASTOR OF ST. PAUL'S, WHO ARRIVED TODAY.

Rev. Charles Thomas Walkley, the new pastor of St. Paul's Episcopal Church, arrived in Oakland at 12:30 o'clock this morning on the delayed overland.

He was met at Sixteenth street station by a committee of church members, including Sam Breck, who welcomed the new pastor to Oakland.

Rev. Walkley was at once escorted to the Hotel Metropole, where arrangements had been made for his temporary abode.

Dr. Walkley was assistant pastor of Grace Church, New York City, and comes to Oakland highly recommended. He succeeds to the pastorate made vacant by the death of Rev. Robert Ritchie, who was one of the most popular ministers in Oakland. Dr. Walkley will deliver his first sermon in St. Paul's Church next Sunday morning.

PRINCESS ELOPES WITH HER COACHMAN.

BERLIN, Nov. 24.—It now appears that the Princess Alice, wife of Prince Victor Frederick Ernest of Schoefburg-Waldenberg, left her home at Gauernitz three months ago, taking her son, eighteen months old. Her former coachman, Emilia Materni, also disappeared some time ago. The Princess supposedly is in Italy. The Princess' sister, the Princess Elvira of Bourbon, eldest daughter of Don Carlos, the Spanish Pretender, eloped with an Italian painter, Folchi, several years ago and lives with him at Milan.

Prince and Princess Victor Frederick Ernest had lived apart for some time. The Prince had also broken off relations with his father and is now hunting in Syria.

HE JUMPED TO HIS DEATH.

CHICAGO, November 24.—John Templeton, of Humboldt, Neb., a passenger on the fast Burlington train from Kansas City due in Chicago today, committed suicide by jumping from the steps of one of the coaches while the train was going at full speed near Chillicoth, Mo. Mr. Templeton's sister and daughter were on the train. He was in ill health largely the result of worry over business troubles, and was much depressed, imagining he was about to be arrested.

HARRIMAN GOES TO SEE NEW ROAD OPENED.

OMAHA, Neb., November 24.—A special train of nine private cars, carrying railroad officials of the Harriman lines and other railroads, started west early today over the Union Pacific road, en route to Ogden, near which city the ceremony attending the driving of the last spike of the Lucien cut-off on the Central Pacific, will take place on Thanksgiving Day. Included in the party are President E. H. Harriman of the Southern Pacific and party, President A. J. Earling and a number of Milwaukee officials, J. T. Harahan, second vice-president, and several other officers of the Illinois Central; General Manager Holdridge and a number of local Burlington railroad men; General Traffic Manager J. C. Stubbs and party, including Freight Traffic Manager Monroe and General Passenger Agent Lomax; President Burt and a party of Union Pacific railroad officials, including Chief Engineer Berry and General Solicitor Kelly; General Advertising Agent Alfred Darlow and a number of newspapermen.

At Salt Lake the train will be met by a large party of Southern Pacific officials, who will also be present at the ceremony. The train will reach Ogden Wednesday evening.

DECISION FAVORS PICKETS.

STRIKERS CANNOT BE PUT OUT OF BUILDINGS WHERE THEY ARE WANTED.

BERLIN, Nov. 24.—The Prussian Supreme Court has decided that strike picketing is lawful if conducted from a building where the pickets presence is not objectionable to the tenants.

A policeman at Posen ordered a picket not only to leave the street in which was the strike locality, but to leave the entire neighborhood. The picket thereupon entered a saloon immediately opposite from the strike locality. The local court held that the police had the right to order persons whose presence might encourage disorder to leave particular streets which, included premises opening on said streets. The Supreme Court, however, has decided that the police street ordinances do not extend beyond the street.

COAL TO GO UP.

NEW YORK, November 24.—While the price of the domestic sizes of coal is now $6 a ton, it is reasonably certain that the price will be advanced to $6.25 a ton by the retailers about December 1. This will make the price of coal the highest since the strike of last year, when as high as $30 a ton was paid.

Two years ago, under normal conditions, the retail price of coal was $5.75. The reason for the present advance is that the winter schedule of the operators is expected to go into effect on December 1. It is said the increase of 25 cents will be the limit of high price for the coming winter.

NAMED FOR ARCHBISHOP.

ROME, Nov. 24.—The report that the congregation of the Propaganda has decided to propose to the Pope the appointment of Bishop Messmer of Green Bay, Wis., as Archbishop of Milwaukee, Wis., in succession to the late Archbishop Katzer, is confirmed.

SERIOUS TIMES EXPECTED IN CHICAGO.

CHICAGO, Nov. 24.—Conflicting reports on the probability of immediate peace in the street car strike came from representatives of the Chicago City Railway Company and the striking trainmen today. It was learned definitely that the railroad company had offered to arbitrate the contention which the company considered remained the sole issue. This point, it was said, is the taking back of the men employed by the City Railway Company who went out on sympathetic strikes. The company asserted that these men violated agreements while the strikers assert that the agreements were not properly made.

During the past twelve hours, strike sympathizers did more damage to the car lines than on any previous time since the strike was begun. Wires were cut on many of the cross-town lines and all manner of blockades were put on the tracks in higher piles than ever. In State street every manhole between Forty-first and Forty-seventh streets, was filled with stones and debris. A big gang of men worked steadily for hours removing the obstructions.

Another attempt was made today to run the State street cars. Six trains were started from Sixty-first street, but their progress was slow. Spikes were found in the cable slots at intervals and the obstructions removed earlier in the day were placed again by the strikers in numerous instances.

The starting of the cable cars was further delayed by damage to the big underground "turn wheel," on which the cable revolves at Sixty-third street. Steel rails had been slipped between the four-foot spokes and when the power was applied twisted the wheel out of shape and came near putting the line out of service for the day.

Three wires supplying electric power to the Thirty-ninth street trolley cars were cut near Cottage Grove avenue.

When the first trains reached Forty-third street a crowd estimated at more than a thousand men, were following them. The train kept as close together as possible and were under heavier police guard than yesterday. Police Inspector Hunt issued orders, which indicates that serious trouble was anticipated.

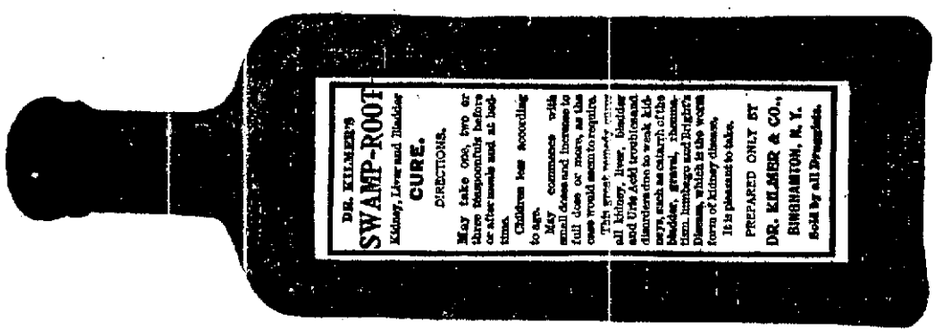

"Shoot to hit" were the instructions given the police in the event that a concerted attack should be made on the cars.

Business Manager McCulloch's efforts to pay off the first division of 500 striking employes were made futile today by the refusal of the strikers to take advantage of the opportunity to draw the money. The cashiers took up their places and clerks were at hand to receipt for badges, but none of the employes arrived.

BRINGS NEWS FROM PANAMA.

NEW YORK, November 24.—Among the passengers who arrived today on board the steamer Seguranca from Colon were Depablo Arosmena of Panama and Captain F. H. Delano of the United States steamer Dixie. Senor Arosmena will act as counsel for the Panama Commission which recently arrived from Colon. He is understood to bring word of the latest plans and desires of the Panama Government and his arrival has been awaited by the members of the commission.

ORDINANCES.

Ordinances were disposed of as follows:

Changing the official width of sidewalk from twelve feet to fourteen feet from Adeline street to Shattuck avenue on Fifty-first, Fifty-second, Fifty-third and Fifty-fourth streets. Upon this ordinance, City Auditor Breed addressed the Council and said: "In this district the width of sidewalks is established at twelve feet. In the city of Oakland proper they are required to be fourteen feet. Throughout the East and in progressive cities, it is becoming an established rule to widen the sidewalks as much as possible to allow for the planting of trees, etc. The widening of these sidewalks will be in line with the movement looking to the beautifying the city by the planting of shade trees. With the sidewalks left at twelve feet there is hardly room for this to be done." Passed to print.

An ordinance establishing grades on East Seventeenth avenue from East Twentieth to East Twenty-first streets was passed to print.

An ordinance changing grades on Seventeenth avenue from East Nineteenth street to a point 150 feet north was passed to print.

PETITIONS.

Petitions were presented and disposed of as follows:

Of Felton Taylor for a cross-walk at Twenty-second and Broadway. Board of Public Works.

Of P. Sehrensen upon the condition of Talcott avenue. To Board of Public Works.

Of S. L. Rutley and others for a sidewalk from Thirty-eighth to Fortieth streets. Adopted.

Of Harry L. Holcomb and others for a street light on Thirty-seventh street between Grove and Telegraph. Street Light Committee.

Of Fred F. Carins and others for wooden sidewalk on Sixty-fifth street. Filed.

Of Holcomb, Breed and Bancroft and the Realty Syndicate to sewer Fifty-second, Fifty-third and Fifty-fourth and Fifty-fifth from Grove to Adeline streets by private contract. Street committee.

PROTEST.

E. A. Young and nineteen other property owners and residents on Poplar street protested against the removal of the electric light from Twelfth and Poplar streets. Street Light Committee.

COMMUNICATIONS.

A communication was read from the Secretary of State calling attention to resolutions adopted by the California State Commission on voting or ballot machines and referred to the Auditing and Finance Committee.

CITY NOT LIABLE.

The City Attorney advised the Council that as the Oakland Society for the Prevention of Cruelty to Animals was not a department of the municipal government for whose debts the city of Oakland is responsible, the Council has no legal authority to appropriate money for altering and repairing the shed used for housing the new animal ambulance.

Until this report was filed a written request from Oakland Society for the Prevention of Cruelty to Animals to be allowed to withdraw its petition for an appropriation for this purpose. Granted.

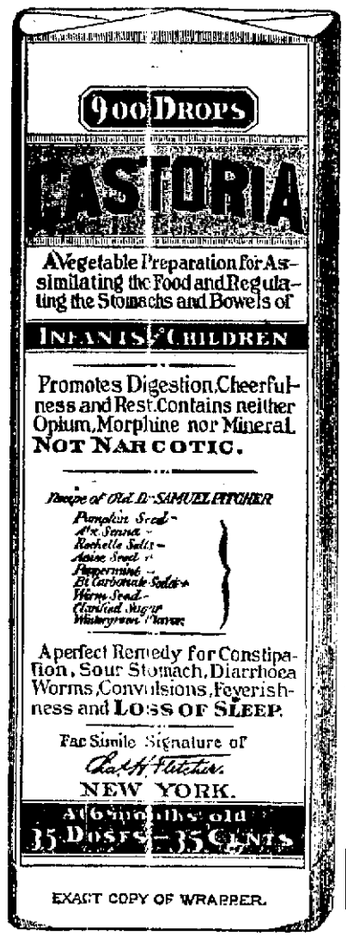

IDENTITY REVEALED BY REVOLVER.

VICTORIA, Colo., November 24.—Parts of the remnants of a revolver, which were found in the 600-foot level of the Vindicator mine, after the explosion last Saturday have been fitted together and the number of the gun, it is asserted has been discovered. It is said that the weapon has been traced to a dealer in Cripple Creek, who sold the weapon to a man whose name is known to the authorities but whose whereabouts are unknown at present.

PASSED UP TO THE MAYOR.

HE CAN EXPLAIN THE SLOT MACHINE TAX IN LICENSE ORDINANCE.

At the meeting of the City Council last night there was an interesting discussion on the license ordinance.

For a few moments just at the close of the session it looked as though there was going to be a war of words.

Councilman Fitzgerald arose in his place and said he had read in a paper that the new license ordinance had been killed in committee and withdrawn because no councilman had given it standing by affixing his name to it. He wanted to know if that were true, and if true, how it had come to be introduced at all.

Acting President Elliot "passed the buck" to Clerk Thompson, who stated that it was his recollection that Mayor Olney and Treasurer Taylor had called on him with the ordinance, told him they had gone carefully over it and that it was now ready for the Council's action and that Mr. Taylor had handed it to him for presentation. Taylor, who was present, objected at once. He admitted having called with the Mayor, but said the Mayor had made the statements and not himself, and that the ordinance was handed Mr. Thompson by the Mayor. The clerk was convinced, but before a general discussion could be had upon it by several members who were apparently anxious to talk, President Elliot squelched the proceedings by declaring that as the draft of the ordinance had been withdrawn there was nothing before the Council.

RISING BREAST
And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.

MITCHELL TALKS ON BOYCOTT.

NEW YORK, Nov. 24.—John Mitchell, president of the United Mine Workers of America, at a dinner of the Universalist Club, declared, when asked if he considered the boycott fair: "The boycott may be cruel and inhuman or it may be helpful and of great good. I believe that a thousand men have a right to do what one man has a right to do.

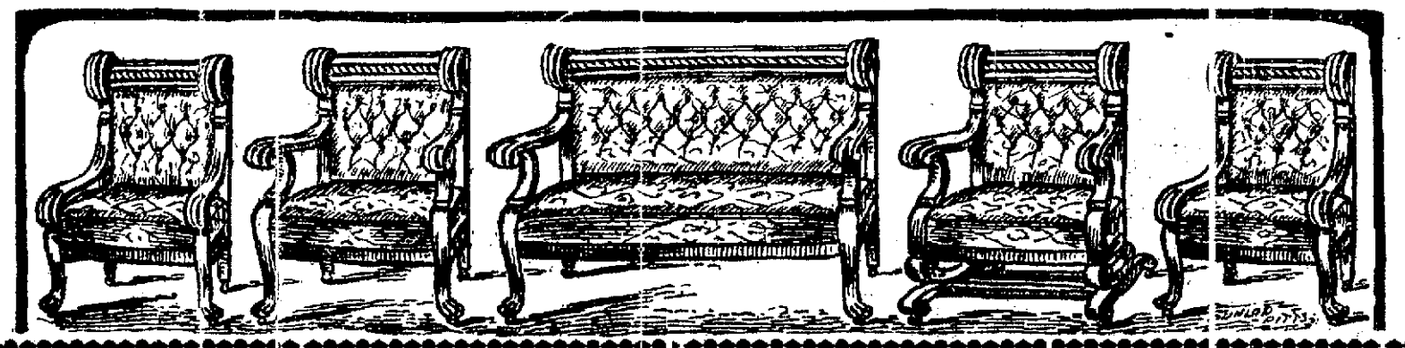

"I am in favor of closed shops on the ground that a man has a right to work for whom he pleases, but not a right to work under whatever condition he pleases."

Mr. Mitchell also declared against the incorporation of unions. He predicted that the present era of industrial war would be succeeded by an era of "peace with honor to both sides."

THE LATEST NEWS.

MARCH WITH RED FLAGS.

Alarming Condition of Affairs at the Mines.

SALT LAKE, Utah, Nov. 24.—Adjutant General Burton today issued orders to have the entire force of the Utah National Guard, with the exception of one or two companies from the south rendezvous at Salt Lake today. They will be sent to the strike-affected coal fields of Carbon county late tonight, but will not leave the cars until tomorrow morning, it being the intention to go no further than Castle Gate tonight.

Reports from the coal fields today indicate a growing feeling of restlessness among the striking miners.

General Manager Williams, of the Utah Fuel Company, received a dispatch this morning saying that the strikers were marching between Scofield and Colton carrying red flags, while at Castle Gate the Italian miners paraded a United States flag upside down.

BANK ROBBED BY BURGLARS

MOUNT VERNON, Ill., November 24.—The bank at Ewing, a small town sixteen miles south of this city, was entered by robbers early this morning and an attempt made to loot the safe. Six charges of dynamite were used, but the robbers succeeded in blowing only the outer doors off. The robbers, three in number, left their tools in the bank in their haste to escape.

ITALIAN BAND.

Signor Emilio Rivela and his Royal Italian Band will be at Idora Park again next Sunday afternoon and evening. These musicians play magnificently and all music-lovers will be glad of another opportunity to hear them. Wherever they have appeared they are given a cordial reception and the house is always packed. They have a pleasing program for this coming Sunday, which promises to be even more enjoyable than that of last Sunday. The prices of admission are 25 and 50 cents, including admission to the grounds.

TWO sunny rooms furnished for housekeeping; gas and bath; $12. 1102 Peralta st.

KILLED BY TRAIN.

John Ferdinand Tella, an Italian in the employ of the Selby Smelting Company at Selby's, aged about 35 years, was struck by an incoming Southern Pacific train this morning about 4 o'clock near Tormey station. The man was placed aboard the train, but died before reaching the pier. The remains are at the morgue.

CHARGES GRAND LARCENY.

August F. Oman was charged with grand larceny this morning by Olaf Anderson, and the case went over until the 27th for examination.

Anderson asserts that Oman stole his sloop Valkyrie on the 14th inst. and took it to San Francisco, where it was recovered with Oman aboard, together with a lot of mattresses, groceries, etc., stolen from the scow "Gaslight."

Oman's record is not good. He was arrested in San Francisco last March for grand larceny, which was reduced to petit larceny, for which he was given four months. He will be examined on the present charge on the 27th inst.

PETER IN TROUBLE AGAIN.

Alex Kreis was struck on the head last night by a heavy plumber's hammer in the hands of his brother Peter. Peter was placed under arrest by Officer McKeegan, after a hard struggle, and landed in the City Prison.

This is not the first time Peter has been in trouble, and he is credited with having nearly killed Officer Mackey some time ago by hitting him on the head with a heavy piece of iron pipe.

This morning Peter's case was continued until tomorrow to file complaint.

FORFEITED HIS BAIL.

Albert Adleson forfeited $10 bail this morning for violation of the liquor ordinance. The bail was put up by a friend who tried to beat the clerk down by telling him he could not afford to put up that much, but had $5 he could spare. He was told to "dig up," as this was not an installment place nor one where the practice of jewing down was indulged in. The additional five came up promptly in small coin, and Adleson failed to respond to his name.

JUDGMENT IN WATER CASE.

Decree Signed Today Fixing Water to Be Taken.

The final findings were drawn up this afternoon in the suit of Jane Clough against the Spring Valley Water Company and a decision rendered by Judge Greene in favor of the plaintiff. The fees of Attorneys W. R. Davis and T. C. Huxley were fixed by the Judge at $25,000 while the amount allowed W. H. Ford was cut from $6,000 as asked for to $4,500. The principal point in the judgment is in the quieting of the title of the Washington and Murray Township Water Company, for whom Mrs. Clough brings the suit, to about 2,000,000 gallons of water daily.

The amount of water varies daily and monthly from 800,000 gallons in the wet weather to as high as 3,000,000 gallons in the summer. Both sides express their entire satisfaction at the result of the lengthy trial. The Spring Valley in having cut down the Ditch Company's claim to 2,000,000,000 gallons yearly to less than half this amount, while the Ditch Company assert they have been given more water than they expected to get.

The costs will be assessed to the Spring Valley.

FOUR SURVIVORS OF WRECK.

ELEVEN PERISHED IN THE SINKING OF THE FRENCH BARK.

SAN FRANCISCO, November 24.—The four survivors of the French bark Francois Coppee, who reached this city last night from Tomales Bay, were taken today to the offices of the vessel's agents. They were closely questioned, but their stories of the disaster revealed nothing new. They will be sent back to their homes by the French consul. Nothing can be saved of the stranded bark or its cargo of coal.

So far as known no other men from the Francois Coppee except the nine now at Gualala Bay were saved, eleven having perished. Wreckage is floating ashore at Tomales Bay and a search is being made for dead bodies.

KEPT THEIR DOUBLE WEDDING SECRET.

BERKELEY, November 24.—Without notifying their friends or parents, Frederick Hadlen and Miss Dena C. Hoffman, Andrew Young and Miss Ida Strobel ran away to San Rafael last Sunday, where they were secretly married. The matches were hurriedly decided on last Saturday night while the young people were attending a ball given by the Beacon Fire Company at Fraternity Hall.

Yesterday the young women returned to their occupations at the Standard Soap Company, but the news of their nuptial escapade became public during the day.

SPECIAL PATROL IS CRITICISED.

BERKELEY, Nov. 24.—At the regular meeting of the Town Board of Trustees last evening a communication was received from George H. Mayer, who asked that he and a number of other men be appointed special officers that they might establish police patrol in the business section of the city.

The proposal was championed by Trustee Conner, but Trustee Sloats said that he did not believe in vesting authority in men who would not be entirely responsible to the Board for their actions.

"But there are a great many burglaries going on in the town," said Conner, "and we have got to do something to put a stop to this reign of lawlessness."

The communication was finally referred to the police committee.

Auditor M. L. Hanscom was appointed to represent the town at the convention of the California League of Municipalities to be held at Stockton December 9th, 10th and 11th.

The commissioners report for the opening of Hearst avenue from Louisa street to Grove street was filed. The report showed that the expense for the opening would be $3730, segregated as follows: Land taken, $3300; commissioners, $225; engineer, $25; attorney, $25; printing, $75; clerical work, $26; contingent expenses, $55.

D. F. Duggan and C. F. Penning were refused a saloon license.

Trustee Ryder declared that a number of tall men have complained to him that the branches of the trees are so low on some streets that their hats have been knocked off. The superintendent of streets was directed to have the offensive branches cut off for a distance of eight feet above the ground, to comply with the town ordinance.

President Rickard was given authorization to sign a contract with Captain W. H. Marston for the lease of a fire house in North Berkeley for a term of five years. It will be agreed in the contract that the town may purchase the house within that time for not more than $3750.

Upon the recommendation of the street committee the following work was ordered to be done:

We recommend the construction of a deep sewer in Center street, from Oxford street to Shattuck avenue.

Also the construction of a deep sewer in Shattuck avenue, from Addison street southerly to connect with the sewer now laid to the University Savings Bank, at Shattuck avenue and Center street.

That thirty-day notices be sent to property owners for cement sidewalks, as follows:

On the east side of Shattuck avenue from a point sixty feet south of Cedar street southerly to Virginia street.

On both sides of Kearney street, between Warring street and College avenue.

WOMAN TAKES POISON.

Was Found Dead in the Yard By Her Husband.

SAN FRANCISCO, NOV. 24.—The dead body of Mrs. Margaret Hopkins was found by her husband early this morning lying in the yard in the rear of her home.

An empty carbolic acid phial lying beside the body told the story of the death.

Mrs. Hopkins had been an invalid for some months, and has often threatened to end her life.

She was 57 years of age, and lived with her husband and three grown sons at 2709 McAllister street.

The woman went to bed as usual last night, and her husband awoke at an early hour this morning to find that she was no longer beside him.

Thinking that something was wrong, he got up and searched for her, finding her dead body lying in the back yard.

She had evidently committed suicide in the night.

ORDER PLANTING OF SHADE TREES.

BERKELEY, November 24.—The first tangible step to beautify the city by means of tree planting was taken at the regular meeting of the Town Board of Trustees last evening when ordinances were passed requiring the setting out of trees in various parts of the city.

The subject was brought before the Trustees by Guy Hyde-Chick, who said:

"The first effort to plant trees on the streets of the city was made in 1897, but nobody could be found at that time who was willing to bid on the contract for setting them out. I am ready to undertake the work, not so much for the money that there is in it, for I don't expect to make a cent, but because I would like to see the city beautified."

Mr. Chick then presented resolutions providing for the planting of various kinds of trees in the Scenic tract and American elms on College avenue from the University grounds south to the Town line and on Telegraph avenue between the same boundaries and on University avenue between Oxford street and San Pablo avenue.

The following bills were ordered to be paid upon the recommendation of the finance committee:

Street fund—West Berkeley Lumber Company, $172.20; West Berkeley Lumber Company, $90.70; C. A. Cain, $31.00; B. Fruchmann, $25.00; Nell Kelly, $3.00; P. Ruley, $10.00; W. H. Ryan, $40.00; James Kenney, $35.00; Care Fire Arm, $25.00; 25 Firemen, at 5.00, $125.00; George E. Parker, $10.00; R. H. Bailey, $5.10; John H. Merrill, $2.04; J. M. McNulty, $5.00; Marston Hose Company, $32.00; Beacon Fire Company, $28.00; Beacon Fire Company, $28.00; M. R. Clements, $24.00.

Against Special Fire fund—W. A. Ryder, $1.00.

FALLING WALL INJURES FIREMEN.

NEW YORK, November 24—Four firemen were seriously injured this morning by the fall of the wall of a tenement house adjoining a livery stable on West Fifty-third street. Three of the men were taken to Roosevelt hospital, while the fourth had his wounds dressed by an ambulance surgeon.

The occupants of the tenement became panic-stricken when the fire spread from the livery stable and men, women and children fled from their beds to the street. Twenty-one horses were burned. The loss on the building was small.

VIGILANCE COMMITTEE.

DENVER, November 24.—A special to the Post from Cripple Creek says that in consequence of the recent attempt to wreck a train, the Vindicator mine explosion and threats against non-union miners, a vigilance committee, to be known as the Committee of Forty, is being organized for the purpose of dealing swiftly and severely with violators of law and order.

LUNATIC ATTACKS BANKER.

FIRES FOUR SHOTS AT SECRETARY OF BANK OF ENGLAND.

LONDON, November 24.—A murderous attack with a revolver was made today on Mr. Kenneth Grahame, secretary of the Bank of England, who is well-known as a writer, by an individual who is supposed to be insane. He fired four shots in rapid succession, but Mr. Grahame was not hurt. Considerable difficulty was experienced in securing the would-be assassin. A fire hose had to be used before he could be disarmed and taken to the police station.

The would-be assassin is a Londoner from the East End.

The doctors certified that he is a lunatic.

It appears that the lunatic asked to see the manager of the Bank of England and was shown into a reception room where Mr. Grahame and others were gathered. The stranger took up a position in front of the fire, pulled out a revolver and commenced shooting, in the meantime shouting: "Come on, you coward."

The occupants of the room fled and the lunatic was finally overpowered by the attendants.

SHE BELONGS TO THE ASSEMBLY.

MISS BERTHA B. SWEET.

Miss Bertha Sweet is one of the popular and charming members of the Monthly Assembly, which held its second successful affair last week. Miss Sweet is the recipient of many social favors and enjoys a large circle of friends.

LARGE FEES FOR LAWYERS.

In the suit of Jane Clough versus The Spring Valley Water Works, Judge Greene yesterday made an order allowing William R. Davis and T. C. Huxley, attorneys for the plaintiff, $10,000 each for their services, and W. H. Ford, son-in-law of Mrs. Jane Clough, $3000 for his part in obtaining testimony and otherwise assisting plaintiff to win her case, which amounts are taxed against the water company with other costs of suit. Judge Greene may announce his final decision some time this week, possibly today.

CHRISTIAN SCIENCE LECTURE TONIGHT.

The lecture tonight on Christian Science by Judge S. J. Hannah, C. S. D., at the First Church Christian Science, cor Seventeenth and Franklin streets, is attracting considerable interest among the Oakland scientists.

The admission being free, as is the usual case, coupled with the fact that Judge Hannah is a most interesting speaker, will insure a large audience.

In order that the seating arrangements may be made to the best advantage, it will be well for those who contemplate attending to come early.

RUSSIANS ARREST JEWS.

NEW YORK, Nov. 24.—Russian correspondents say that twenty-one Jews who were arrested at Gomel charged with planning to plunder the arsenal, have been lodged at the police station for three months, according to a London dispatch to the Times. Others remain in prison charged with rioting.

Christian rioters have also been arrested but particular zeal has been shown against the Jews.

OPERATION FOR TUMOR.

NEW YORK, Nov. 24.—William T. Wardwell, former treasurer of the Standard Oil Company, has been operated on in the Red Cross Hospital for a tumor in the abdomen.

Professor Hugh Young, of John Hopkins, Baltimore, performed the operation. The operation was successful, but the patient will be in a critical condition for some days.

CLARK YERRICK LAID IN GRAVE.

All the officials of the Transit Company, many of the employes, and a large concourse of friends gathered at 11 o'clock this morning at 570 Thirteenth street, to pay their final tribute to the memory of Clark Yerrick, assistant superintendent of the Transit Company, who was killed by an electric current at Thirty-sixth and Market streets on the evening of the 21st inst.

Rev. Dr. E. R. Dille conducted the services. Mrs. Eva Shorey Corson sang "Crossing the Bar" and "The Beautiful Land of Somewhere." The floral contributions were numerous and beautiful. The remains were conveyed to Mountain View where they were cremated.

The following acted as pall-bearers: J. L. Wickstrum, George C. Valentine, A. A. Prouder, W. H. Kimball, J. Cross, C. W. Carew.

The certificate filed at the Health Office gives the cause of Mr. Yerrick's death as "paralysis of the respiratory centers, due to shock of electricity received from a live wire." The inquest has been set for tomorrow evening, and the Coroner purposes going into an extensive examination, and will endeavor to locate responsibility for the broken wire which caused the fatal shock.

HARRIMAN WILL NOT ACCEPT.

ALAMEDA, November 24.—E. H. Harriman has instructed Manager Julius Kruttschnitt not to accept on behalf of the Southern Pacific Company the two twenty-five-year franchises offered by the City Trustees of this place for those portions of the Central Pacific and Southern Pacific Coast which run through here. The City Trustees will not meet again until December 7, at which time it is expected that Manager Kruttschnitt will officially inform the city authorities about Harriman's attitude.

PROHIBITION MEETING.

The Oakland Prohibition Alliance will hold a Thanksgiving meeting in the parlors of the Mutual Benefit Club at 1119 Jefferson street, this evening, owing to the Prohibition gains in the East. In the absence of President Billity, Vice-President Montgomery will preside. Addresses will be given by H. E. Chapin of San Francisco and George Buckley of this city. The young people of the Alliance have formed a glee club and some good singing will be rendered. The public is cordially invited to attend these meetings, which are held regularly on the fourth Tuesday in each month in the above club rooms.

BULLET IN HIS BRAIN.

NEW HAVEN, Conn., Nov. 24.—Tony Cinco, two and one-half years old, has lived for thirty-six hours with a bullet in his brain. The boy was shot by a companion, who playfully pointed a pistol at him.

Tony was removed to the hospital, where the physicians probed for the bullet in vain. An examination showed that the child still lived, but apparently had no use of any of his faculties. The boy's heart beats and he breathes, but otherwise he appears as though dead.

MASSACHUSETTS FLOATED.

NEW YORK, Nov. 24.—The battleship Massachusetts has been floated from dry dock in the Brooklyn navy yard. Three months ago she was damaged by running on the rocks off the New England coast. It cost, according to Constructor Capps, $75,000 to put her in repair. She will probably be the first vessel of the North Atlantic squadron to leave the yard for Tompkinsville, where the fleet will assemble preparatory to going to Culebra.

CONFIDENCE IN NEW REPUBLIC

PEOPLE BELIEVE THAT PANAMA WILL GIVE THEM NEW DEAL.

MOBILE, November 24.—Captain Julium of the Norwegian steamer Fort Gaines, which has arrived from Bocas Del Toro, reports that the new Panama Government seems to have imbued the people with the greatest confidence. Business at Bocas Del Toro is progressing as never before, the brightening in all lines being quite noticeable. He says the confidence in business is especially shown in the premium of gold.

When Bocas Del Toro was in Colombian territory the premium was $2.00, but already it has dropped to $2.50, and conservative business men predict $2.30 in a short time.

When the Fort Gaines sailed the United States gunboat Nashville was anchored off Bocas Del Toro. There are few Panama soldiers at Bocas Del Toro, but they have nothing to do.

No United States soldiers are quartered on shore.

FIGHTING IN SANTO DOMINGO.

NEW YORK, November 24.—Fighting is going on at Santa Domingo, says a dispatch dated from St. Thomas, D. W. I., to the Herald. The German warship Falke has been supplied with live stock. She was dispatched to Santo Domingo City this morning by Commodore Schroder.

"MACHINE-MADE INDIGNATION."

The Democratic leaders in Washington who are preparing to obstruct the ratification of the canal treaty negotiated with Panama are being treated to some rather plain talk from Southern Democratic newspapers. They are reminded that they are not only flying in the face of traditional Democratic policy, but are doing a thing from partisanship that will defeat the object of partisanship—party success. To defeat the treaty is to obstruct the construction of an interoceanic canal. That aspect of the situation cannot be evaded.

Perhaps no part of the country is more eager for the canal than the South. Especially are the South Atlantic and Gulf Coast cities interested in this project, for it more nearly and vitally concerns them than it does other communities. Their wishes in this direction are so pronounced that they have no patience with partisan cavils and obstructive stunts to manufacture campaign material. Influential journals in the Gulf States are informing the Democrats in Congress that they are doing the Democratic party no more good than they are doing the country.

For instance, the Memphis Scimetar, a widely circulated journal, under the head of "Machine-Made Indignation," says of the recent joint caucus in Washington:

"They all gave evidence of a willingness to become indignant at a moment's notice, but were unable to agree upon the particular feature of the situation which they would permit to exacerbate them. Senator Carmack allowed that if they would cause their wrath to boil over on each and every count of the incident against the Administration there would be no chance of overlooking anything that could be useful for campaign purposes; but others were inclined to be more discriminative. They wished to pick and choose. Senator Bacon, for instance, proposed that they get mad about the government's policy toward the Panama revolution, but wax joyous over the prospect of getting the big canal route. It was impossible to reconcile these conflicting views, and even a proposition to appoint a committee to draft a suit of ready-made, hand-me-down principles that would fit all the Democratic Congressmen and could be put on and off at will was rejected, the caucus finally dissolving without result.

"All this is very discouraging," continues the Scimetar. "It leaves the party in the air, so to speak. Conservative Democrats who esteem the securing of an interoceanic canal as of the first importance, especially in the South, are congratulating themselves on the turn events are taking, while on the other hand Democrats who are for the Nicaragua route, though the heavens fall, are berating the Administration with tremendous force. Achism is thus made in the party, and politics all mussed up."

"How ridiculous is all this!" exclaims the disgusted Memphis editor. "It cannot be seriously supposed that the destiny of this nation, the future of great political parties, the geography of the hemisphere, is to be changed by the impotent force of machine-made indignation laboriously fashioned at Washington and diffused over the country for the inoculation of the faithful. This canal business has little or nothing to do with politics. In the eyes of the conservative, progressive, ambitious people of the South at least, it is a larger question than any incident of partisanship."

But the Democrats will kick against the Panama treaty in vain. We have recognized Panama for precisely the same reasons of national policy that prompted Jefferson purchase of the Louisiana territory and the annexation of Texas, though in certain aspects each case differs from the others. There are people in this country who still refuse to be reconciled to the Louisiana purchase and the Mexican War. They are persons who have their eyes fixed on theories and abstractions and refuse to see the facts or give heed to conditions. The Democrats are not in this class, however. They are opposing the Administration's policy in Panama solely for partisan purposes. They will cease that opposition when they find the country will not brook it. Nothing subsides quicker than machine-made indignation when it is found to be unpopular.

Andrew Carnegie's determination to die poor appears to be largely mitigated by his desire to live rich. Maybe he thinks he is compounding with Providence to secure a long lease of life.

The army of 100,000 men that Colombia proposes to send to Panama is probably the same sort of buckram as the 100,000 men that Colonel Watterson proposed to lead to Washington to seat Samuel J. Tilden in 1878. The Kentucky host was a mint julep vision. Very likely the Colombian army is a tamale nightmare—half chili pepper and half dyspepsia.

This is the season, the gladdest of all the year, when women buy worsted for fancy work. By and by the men will get worsted by the women's work.

THANKSGIVING DAY.

Again Thanksgiving Day is at hand. It finds us once more enjoying a season of prosperity and will be celebrated with ample boards and the merrymaking that ensues from an abundance of material comforts.

Although more widely observed than ever before, Thanksgiving Day has lost much of the devotional character that invested it in the days when its observance was confined mainly to New England and people of New England ancestry. It was instituted as a day for rendering thanks to Providence for abundant crops and preservation from the savage foe and freedom to practice the religious worship that had led them across the sea. It came after the harvest had been garnered when the mantle of winter was closing in on the land. In some sense it was a Puritan Christmas, a period of family reunion of neighborly visitation, and the celebration of the less somber rites of a religion, cold, severe and formal.

It partook of a harvest festival and a religious ceremony. The sermons were long, but the hearts were gay and the sleigh rides merry. Grace was said over the most bounteous board of all the year. There was no fasting in the thanks. It was a time also for good deeds, for charities and kindly offices, for laying aside old resentments and forgetting old injuries. When the granaries were full and the firesides glowing, human nature softened and thawed under kindly impulses and radiated in brotherly warmth. In short, its observance was marked by many of the manifestations incident to Christmas in England and Germany. The Puritans repudiated Christmas, with its yule logs, carols, masking, and merrymakings, but they could not stifle the aspirations and inspirations kindled by the song the shepherds heard in Judea of "Peace and Good Will Among Men." So it was that Thanksgiving Day came to grace an ascetic theology and a severe social code. It sweetened toil on the unkindly New England farms and brightened lives set amid hard conditions. It brought a return, in sober form, of the social interchanges and greetings that distinguished Christmas in the old land and the old faith.

But the Thanksgiving Day of our fathers has departed. It is no more the Thanksgiving Day of former times than the worship of New England today is the rigid Calvinism of Jonathan Edwards. We rejoice not that we are safe from the Indian on the border, and there is more football than prayers in its observance in these days of fat prosperity and archaic religious beliefs. The West and South have adopted Thanksgiving Day without giving up Christmas, and the descendants of the Puritans celebrate Christmas and go to see college football on Thanksgiving Day instead of to church as did their ancesters. Thanksgiving Day is now the harvest feast for the Nation. It has forever parted with its sectional, devotional and exclusive character. The Catholic, the Jew, the Spiritualist, the Episcopalian, Quaker and free-thinker in California and Florida celebrate it as does the New Englander.

The change in the manner of celebrating this holiday has not destroyed its spirit, however. It has broadened with the national life, and become liberalized till it no longer smacks of sectarianism, and sectarianism but it is more than ever a distinctive American institution. Christmas belongs to all lands where Christianity holds sway, but Thanksgiving Day belongs to the United States—the land where the turkey bird was discovered and where it reaches its noblest growth. It has lost something of the sternness imparted by a stern climate and a sterner faith, but it has gained in generous emotions and more liberal sentiments. In deeds of charity, kindness and courtesy, in loving remembrances, and the reuniting of kindred and friends, the Thanksgiving Day of the present is far more charged with gracious humanity, than it was in the days when the grace was longer and the gifts to the poor fewer.

Joseph Chamberlain's policy has struck a responsive chord in New Zealand. The Parliament of that colony has adopted a preferential tariff which heavily discriminates in favor of British manufactures.

MORE HIGH FINANCE.

An interesting light is thrown on the failure of Porter Brothers Company, which has been for several years the chief agency for marketing California fruit in the Eastern cities. It is asserted by attorneys for the creditors and minority stockholders that Mr. James A. Watson, the president and manager for the bankrupt corporation, only accounted for $1,000,000 of the $1,800,000 he received in rebates.

Mr. Watson appears to be the kind of a financier who does not let his left hand know what his right hand doeth. He claims, so it is stated, that the rebates were received by him in a capacity separate from that of President of Porter Brothers. He therefore, made large profits while the company was steadily running behind. It is true the rebates were on business done by Porter Brothers, but to Mr. Watson that fact is a mere detail of no consequence. It represents the difference between solvency and bankruptcy, however, for the corporation of which he was the head and manager.

A detail amounting to nearly a million dollars looks quite important to the stockholders who are left with the bag to hold. They are looking for other details. Their search is being spurred on by the fact that Mr. Watson has managed to accumulate a fat fortune while managing a corporation that has been steadily losing money. They suspect that Mr. Watson's devotion to detail is what has caused the financial wreck. They don't hesitate to say so either.

They assert that he has been systematically pocketing rebates belonging to the company and they are going to sue him for a return of the money.

Mr. Watson feels hurt at the suggestion that he has done anything wrong. He seems to have financiered on the same principle that Mr. Schwab and Mr. Morgan observed with the shipyard trust. The highest skill in finance is shown by getting all the profit there is in a business and letting your associates—and the creditors—stand all the loss. What is the use of stock owners if you can't work them? Mr. Watson appears to be a worker all right.

What is Catarrh?

HYOMEI CURES THIS COMMON AND DISAGREEABLE DISEASE.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

The complete Hyomei outfit costs but $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

offensive breath
dryness of the nose
pain across the eyes
pain back of the head
pain in front of the head
tendency to take cold
burning pain in the throat
wakening to clear the throat
pain in the chest
a cough
stitch in side
losing of flesh
variable appetite
low spirited at time
raising of frothy mucous
expectorating yellow matter
difficulty in breathing
frequent sneezing
huskiness of voice
discharge from the nose
stoppage of the nose at night
aching of the body
droppings in the throat
mouth open while sleeping
tickling back of the palate
formation of crusts in the nose
dryness of the throat in the morning
loss of strength
spasms of coughing
cough short and hacking
cough worse nights and mornings
loss in vital force
a feeling of tightness across the upper part of the chest

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Osgood Brothers emphasize it by agreeing to refund your money if Hyomei does not cure.

Hints for the Ladies.

Pretty nut bowls in silver with gold linings are among the handsomest articles for table use shown.

A game set which shows several varieties of ducks, some quail and other wild game consists of the game platter and a dozen plates.

A handsome electric light shows a dainty slim figure in dull gilt holding above her head an umbrella-shaped shade in dull red with gilt fringe.

Chinese gong bells for the dining room consists of several spheres hung together on a cord which are to be struck with a wooden stick are to be purchased for $1.50.

In the new importations of table linen shown it is noted that the decorations of lace are more elaborate than ever—French, Italian, point venise, Arabian and renaissance all being used.

Among the odd candy boxes is a man made of carrots. This vegetable being long and slender forms the body, the foliage serving as a headdress, the arms and legs being made of smaller carrots.

Copper is the latest rival to sterling silver and one can buy many articles for table and toilet service in this metal. Tankards are lined with white metal which makes them safe from acidulated drinks.

Military coats with brass buttons are being shown in many different colors by the shops.

Unusual and costly but rarely pretty are the knives and scissors that have handles of carved ivory.

A set of handsome oyster plates comes in a fine white china decorated with pale pink rosebuds and rims of gold.

Some beautiful designs in music cabinets are offered by the shops at great bargains and suggest a pretty and acceptable Christmas gift.

Warm undervests for women are to be had which are so constructed that they can be turned down to admit of wearing an evening gown cut low in the neck.

One of the handsomest fish sets to be seen is that indescribable gray blue green color so typical of the sea, with each plate and the platter showing a different variety of fish hand painted.

A large and handsome screen is in burnt wood, with a colored design of rich golden oranges, with their green foliage, the second panel showing a branch of very red apples among a profusion of green leaves.

One of the handsomest pillows shown is made of No. 5 satin ribbons in black and red, woven together in checkered-board design; the ruffle is of a wide red satin ribbon, trimmed with several rows of black ribbon.

A TRYING POSITION

Oakland Readers Will Appreciate This Advice.

A constant itching ties your patience.

Nothing so annoying; nothing so irritating as Itching Piles or Eczema.

To scratch the irritating makes it worse.

To leave it alone means misery.

Some Oakland citizen can tell you how to be free from these troubles. Read the following:

R. Gilgan, carpenter of 1215 Clay street, says: "I had itching and bleeding hemorrhoids commonly known as piles for years. None but those who are annoyed day and night with this exasperating affliction have the faintest idea what a sufferer endures and when at last he finds a means to bring relief he is only too pleased to let his friends and neighbors know what he employed. I went to a drug store for Doan's Ointment. I believe the second application helped. I am not prepared to say that the ailment is radically disposed of but this I can consistently declare from the treatment I received more genuine benefit and more immunity from distress and annoyance than from anything I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

CUTTING REMARKS.

Stranger: Don't you remember me? You used to shave me.

Barber: I didn't recognize your face.

Stranger: It's all healed up now.—Philadelphia Inquirer.

INTERPRETED.

"Women feel where men think," said the female with the square chin. "Yes," sighed the man who had been married three times, "that's why men become bald."—Lyre.

MATRIAL TROUBLES.

NOT EXCLUSIVE.

The reporter was indignant at having been kept waiting.

"You tell me Mr. Bigson isn't in?" he said. "You're a liar!"

"Am I?" said the dignified and imperturable butler. "Well, young man, you haven't any scoop on that."—Washington Star.

HANDSOME NEW CLOAK & SUIT HOUSE

WIENER CO. WIL OPEN FOR BUSINESS TOMORROW.

It can no longer be said that Oakland can not supply every wish of the ladies of Oakland, Berkeley and Alameda in reference to artistic and durable wearing apparel. Tomorrow the Wiener Cloak and Suit Company will open its doors for business at their desirable new location corner of Tenth and Clay streets.

This spacious store has been nicely remodeled and provided with the latest fixtures and better yet, with the latest and best effects in ladies' wearing apparel, such as cloaks, suits, furs, waists etc.

The success of any business is dependent upon the ability and reputation of those in charge and interested. In this respect the readers of the TRIBUNE can rest assured of courteous, honorable dealings in every detail.

Mr. Louis Wiener, the well-known manufacturer of juvenile clothing at 231 Post street, San Francisco, needs no introduction to the public as to business ability, integrity and honesty. For many years he has been identified with the mercantile industries of Oakland and is at present interested in the Peerless Tailoring Company, corner Eleventh and Broadway, where Mr. Gratts, the well-known manager of the tailoring establishment is in charge.

The new cloak and suit house will be managed by Mr. R. S. Gotthelf, a gentleman well-known in this line of business. For many years Mr. Gotthelf has been identified with cloak and suit houses here, and has made a good record with houses of that nature here. Mr. Gotthelf is an affable, progressive manager and it is safe to predict a bright future for the new concern.

TURKEYS WORTH THIRTY CENTS IN NEW YORK.

NEW YORK, November 24.—Turkeys will be a luxury to most New York people this year. The price is almost a record-breaker. Turkeys, geese and ducks are selling at 30 cents a pound in the city markets, or ten cents higher than in 1901. The price of all classes of poultry has risen steadily this week, even chickens being at an almost prohibitive figure.

Eggs also have risen as far as prices are concerned, being quoted at forty cents a dozen. Poultry raisers, to take advantage of scarcity of turkeys, are killing their chickens to get the big prices.

DIED WHILE AT WORK.

CHICAGO, November 24.—Henry C. Lydon, vice president of the Chicago and Great Lakes Dredge & Dock Company, has been attacked by heart failure while superintending the work on the big coffer dam at Thirty-ninth street. He was taken to his residence, and died three hours later.

Mr. Lydon was 32 years old and unmarried. He was the son of Captain M. B. Lydon, a member of the United States Engineering Corps, and a nephew of former Mayor John P. Hopkins. William A. Lydon, a brother, is president of the Dredging Company.

LAMSDORFF WON'T BE REPLACED

RUSSIANS SAY HIS EXPERIENCE IS TOO VALUABLE.

NEW YORK, November 24.—Several Russians of prominence lately passed through Berlin on their way north, have all been emphatic in denying the probability of Count Lambsdorff being replaced, says a Berlin dispatch to the Herald. They one and all pointed out that Count Lamsdorff's long experience, his thorough knowledge of the Far Eastern question, was more than ever valuable now.

One of them noted the well-known fact that even during the days of Count Mouravieff, Count Lamsdorff was the man who knew everything and did everything. Another said:

"The idea is absurd in view of the prodigious success of the Russian policy as carried out by Count Lamsdorff, who most markedly of all the ministers, holds the confidence of the Emperor. A man in the position of Count Lamsdorff in a country of intrigue like Russia is bound to have such reports spread about him."

The position of the Minister of War is much shaken and there is a probability of his being given an appointment in the Caucasus. Mr. Witte's power is gone owing to his contention about mining property with the Grand Duke Alexander.

REDUCE MINERS' PAY AGAIN.

MORRISTOWN, N. J., November 24.—Notices have been posted in all the mines of the Empire Steel and Iron Company in Mount Hope, Hibernia and the other big mines in Morris county to the effect that a 10 per cent reduction would be made in the wages of all miners beginning on December 1. Also that only one shift of men would be used where two formerly worked. The order affects 8000 men.

This, with the cut of 15 per cent, made on October 1, shutting down of the Wherton mines and the blowing out of Port Oram furnace has caused unrest in labor circles in the northern part of New Jersey.

PRIVATE DETECTIVE ASSAULTED

CHICAGO, November 24.—John C. C. Epper, 20 years old, a private detective, employed by the Chicago City Railway Company to guard trolley wires at Archer and Ashland avenues, was attacked by seven men early today. They beat and kicked him, leaving him in an unconscious condition. After assaulting him they stripped him of his outer garments and took $6 and a revolver.

THANKSGIVING TABLE LINEN

Upon the garniture of your Thanksgiving dinner table depends largely the satisfaction of yourself and guests. The old New Englanders, from whom we get this most appropriate festival, were known for the snowy whiteness of their table linens. Their mills are today sending out linens of snowier whiteness and in a variety of patterns that our forefathers never dreamed of.

SIR JOHN MAPLE DEAD.

PROMINENT FIGURE IN ENGLISH POLITICS SUCCUMBS TO DEATH.

LONDON, November 24.—Sir John Blundell-Maple, bart., M. P., is dead. He was born in 1845.

Sir John for a long time had been suffering from Bright's disease and heart trouble. The deceased baronet was a typical figure in this busy age. He was with equal success a business man, race horse owner, county squire and member of Parliament. At the age of sixteen, he commenced business in his father's small furniture shop which gradually developed into its present huge proportions. His title was a reward for political services to the Unionists. Hardly an election has been held in the metropolis for many years without Sir John personally driving voters to the polls in a four-horse coach. His exposure of the remount scandals in the South African war was one of the earliest movements toward the reform of the War Office. Few men played a more prominent part in the racing world than Sir John Maple in the last two decades. He headed the list of winning owners in 1902, and had the largest racing stud in the United Kingdom, but the Aristocracy Jockey Club persistently decided him admittance, presumably on account of his connection with business, until last September, when it was already known that his illness must be fatal.

Sir John gave large sums in benefactions, notably $800,000 to the University College Hospital. His only child is the wife of Baron Von Eckhardstein, first secretary of the German Embassy in London.

BRAIN FOOD

Is of Little Benefit Unless it is Digested

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetable should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs and several years' experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

NEWS NOTES OF ALAMEDA.

CHILD HAS NARROW ESCAPE FROM DEATH BY FLAMES.

ALAMEDA, Nov. 24.—The eighteen-months-old son of State Senator J. R. Knowland was slightly burned about the face and hands Saturday evening by the accidental explosion of a gas stove. The child had turned on the jets and the gas escaping filled the oven. One burner had been left lighted and the flame ignited the gas.

"The noise of the explosion startled us," said Mrs. Knowland, this morning, "and I rushed in expecting to find my child bruised and unconscious, but beyond several minor bruises he was uninjured."

POUND PARTY A SUCCESS.

ALAMEDA, November 24.—The "pound party" given yesterday afternoon and last night by the ladies of the Alameda Women's Charitable Association proved as great a success as was expected, many pounds of good things being donated to be sent out in Thanksgiving boxes for the poor and unfortunate. "A pound of necessities or substantials," as the program read, was all that was needed to gain admittance.

An entertaining program was given both in the afternoon and evening. It consisted in part of impersonations and monologues by Miss Bessie G. Yard of San Francisco; vocal solos, Edward Thornton; monologues and comic reading, Mrs. Wilbur G. Ziegler; songs, Leland Roberts; recitations, Miss Emily Soucel; vocal solos, Mrs. Toaspern Ahlborn; piano solos, Mrs. Florence Jenkins Frost.

Mrs. Laura D. Perry had charge of the program. The officers of the Alameda Woman's Charitable Association are: Mrs. George H. Mastick, Mrs. S. A. O'Neill, Mrs. R. M. McChesney and Mrs. M. P. McGurn.

MYSTERY OVER DEATH.

ALAMEDA, November 24.—Deputy Coroner Fowler is investigating the death of Mary McCarthy, a woman of about thirty years of age, who died last night at Sankey's Sanitorium in this city. Deceased had been under treatment since November 11. Dr. Selfridge was summoned last night to attend her but medical aid proved of no avail. Details of the case are very meager, but the woman is known to have had relatives in Oakland.

AUDITOR GERALD DIES.

ALAMEDA, November 24.—E. F. Gerald, a well-known resident of this city and who years ago was an employe of the Southern Pacific Company, passed away at his residence last night. Deceased was a native of New Brunswick and was sixty-seven years of age. His occupation was that of railroad auditor and he had previous to his residence in Alameda, resided in San Francisco.

Death was the result of pleura pneumonia and followed a short illness. The funeral will be held from the late residence of the deceased, 1620 Central avenue tomorrow. Interment will be at Mountain View.

OF ALAMEDA INTEREST.

ALAMEDA, November 24.—Mrs. W. R. Tabor has returned from a week's visit with friends in Palo Alto.

Mr. and Mrs. John Scudder, of 3226 Central avenue, are expected to return home the latter part of this week from a short sojourn to Nebraska.

Chief Krauth and wife will leave on a short vacation Thursday.

GWIN MOVES TO OAKLAND.

ALAMEDA, Nov. 24.—James Gwin, otherwise known as William Wilson, a colored vagrant, was brought before Justice Cone this morning. Testimony given by Detective Brown showed that Gwin had been sentenced to the Stockton Insane Asylum last January, but had been discharged the twelfth of September as cured. He had a few colored friends in this city, but had been unable to obtain work. After hearing the evidence Cone gave Gwin the chance of putting the estuary between himself and Alameda, or going to the county jail. Gwin departed at once for Oakland.

ADVERTISED LETTERS.

ALAMEDA, Nov. 24.—Following are the advertised letters for the week ending Nov. 23:

Miss Ora Chapin, Miss Cora Ellis, Mrs. J. S. Irine, Miss Irene Judge, Mrs. R. P. Morrison, Mrs. H. G. Noble, Miss Maude Vernon, Mrs. H. Davis, Miss Jessie Erwin, Miss Jackson, Mrs. Robert Minchen, Mrs. Geo. L. Murdock, Miss A. M. Surdell, Mrs. Warren, John Cadge, J. Neal Frasier, A. Hillam, Charles W. Paine, Robert Stone, Cyrenus Case, D. M. Haggerty, Rev. A. W. Lamport, Fred Richcraft, K. Tanaka, Kouquine Thetoma, Jose Rodrigues Gouvela; packages—Wm. Michelfelder, C. Kline.

A Guaranteed Cure for Piles.

DEATH OF MRS. MITCHELL.

ALAMEDA, Nov. 24.—Mrs. Robert E. Mitchell, wife of a prominent San Francisco stockbroker, passed away at her residence in this city after an illness of about three months duration. Mrs. Mitchell was well known in society circles about the bay and left many friends who mourn her loss. She is survived by her husband and three children, two daughters and one son.

GERMANY STANDS BY NEW REPUBLIC.

BERLIN, Nov. 24.—The Foreign Office today made the following official announcement:

"Upon the Imperial Chancellor's written proposal the Emperor yesterday directed that the new free state of Panama be recognized by Germany."

Neither the German Foreign Office, nor the German Charge d' Affaires at Bogota have in any way furthered the desires of Colombia.

ARTISTS MEET.

A number of the artists of Alameda county met yesterday afternoon for the purpose of forming an association of professional artists on this side of the bay. The following officers were elected to serve temporarily:

Chairman, Goddard Gale; secretary, Edward Hill. A committee composed of Edward Hill and J. M. Griffin was also appointed to secure a suitable meeting place. The Board of Trade rooms were offered by Edwin Stearns, secretary of the Board, and accepted.

The object of the association is for the advancement of art on this side of the bay, and an exhibition and sale of the work of the artists will be held once a year.

A meeting will be held one week from Saturday for the purpose of establishing a permanent organization and all artists are invited to be present.

Among those present at the preliminary meeting were: James M. Griffin, Sidney J. Yard, Warren E. Rollins, Edward R. Hill, Edwin Deakin, A. D. Gremke, Thad Welsh, Mrs. L. P. Welsh, Levina B. Hill, Goddard Gale, Edward J. Lough and Thomas A. Rabjohn.

BELIEVE IN REDMOND.

DUBLIN, Nov. 24.—At a meeting of the Irish Parliamentary Party here today, at which John Redmond presided, a vote of cordial confidence in Mr. Redmond was unanimously adopted, as was a resolution proposed by Mr. Redmond, asking that William O'Brien withdraw his resignation as member of Parliament for Cork City.

WORK IN THE SUNSHINE CLUB.

MISS DOROTHY KIRKLAND.

Miss Dorothy Kirkland, of 720 Fourteenth street, is one of the busy workers of the Sunshine Club. She does her share in helping the poor.

elever actress and she always wins her audience. The play will be repeated this evening.

Pretty girls, funny comedians, handsome costumes, special scenery and a superabundance of the best light music will be offered by the famous Olympia Opera Company at the Macdonough tomorrow night, November 25.

"Said Pasha" will be the opera presented, this same "Said Pasha" is said to be a great and good production at the hands of these clever comic opera singers and comedians. Miss Edith Kendall, the vivacious soubrette of the organization, will appear as Serena, the daughter of the Pasha and the other principals, of which there are quite a few, will have suitable parts with which to acquit themselves gracefully.

During the remaining three nights and two matinees of the engagement the following well known musical pieces will be staged: Thanksgiving matinee and night, "The Isle of Champagne;" Friday night, "The Pearl of Pekin;" Saturday matinee, "The Chimes of Normandy" and Saturday night the great American opera, "Ship Ahoy."

"HELLO BILL."

"Hello Bill" will be the attraction at the Macdonough Theater next Sunday afternoon and evening.

AT THE DEWEY.

James Keane is making a big hit at the Dewey in "Quo Vadis" this week. The play is staged in excellent style and the company is first-class.

COULDN'T FOOL HIM

Doctor Was Firm and Was Right.

Many doctors forbid their patients to drink coffee but the patients still drink it on the sly and thus spoil all the doctor's efforts and keep themselves sick. Sometimes the doctor makes sure that the patient is not drinking coffee and there was a case of that kind in St. Paul where a business man said:

"After a very severe illness last winter which almost caused my death the doctor said Postum Food Coffee was the only thing that I could drink and he just made me quit coffee and drink Postum. My illness was caused by indigestion from the use of tea and coffee.

"The state of my stomach was so bad that it became terribly inflamed and finally resulted in a rupture. I had not drank Postum very long before my lost blood was restored and my stomach was well and strong and I have now been using Postum for almost a year. When I got up from bed after my illness I weighed 98 pounds and now my weight is 120.

"There is no doubt that Postum was the reason for this wonderful improvement and I shall never go back to tea or coffee but shall always stick to the food drink that brought me back to health and strength." Name given by Postum Company, Battle Creek, Michigan.

BIG DEFAULTER IS AT LAST LOCATED.

A dispatch from Riverside states that a man who died there in the County Hospital several weeks ago and whose name was supposed to be Charles H. Williamson, is in reality a much-wanted New York defaulter, and the local authorities are struck with the similarity in the case of Williamson and the man held here until a few weeks ago, charged with a like offense.

George Carthew was arrested by Constable Ramage of Haywards some weeks ago for mulcting a New York bank of a large sum of money. The complaint was made against Carthew by a man by the name of Erieson of San Francisco, who imagined that he saw in Carthew a resemblance to the defaulter, with whom he had done business in New York.

Williamson, the man who recently died in Riverside, has been identified as Edward S. Jenkins, and it is now believed here that Jenkins is the man Erieson thought he had found in Carthew. Through a letter left by Williamson his wife was located at White Plains, N. Y., and she identified Williamson as her husband, Edward S. Jenkins, through a photograph he left. Among his papers was a package of checks signed by M. C. Kervan amounting to $28,000.

HE WILL BUILD NEW COTTAGE.

COL. J. C. KIRKPATRICK IS TO ERECT MODERN COUNTRY HOME.

PLEASANTON, November 24.—Colonel J. C. Kirkpatrick of San Francisco is to build a new cottage on Rose avenue, the plans for which were drawn by architects from San Francisco.

The Colonel expects to have the house completed and furnished before spring. It will be one of the handsomest homes in the valley, will cost $5000, and will be built in the most modern style, with large porches and windows.

DIES OF DIPHTHERIA.

The little 6-year-old daughter of Mr. and Mrs. A. Siefver, who lives near Santa Rita, died Saturday of diphtheria. She was buried Sunday.

DETJENS' NEW HOME.

Mr. and Mrs. George Detjens have moved into their new home on St. Mary's street. The cottage has been newly papered and painted throughout. An addition of two nice new rooms, with a large front porch, have also been made.

CIGAR COMPANY MOVES.

The McLoud Cigar Company has moved into the store formerly occupied by Mrs. Frank Nevis' millinery store.

LETHAMS TO RETURN.

C. E. Letham has bought back the bakery which he sold some months ago to Mr. Knarliner of the northern part of the State, and he and Mrs. Letham will return to Pleasanton about the middle of December to make this their permanent home.

PERSONAL MENTION.

Colonel and Mrs. J. C. Kirkpatrick of San Francisco were visitors in town Sunday.

Professor E. A. Weed and Mrs. Weed will go to San Jose Wednesday to spend Thanksgiving with relatives.

Mrs. R. G. Leeman of Santa Cruz and little son, Archie, are visiting friends here.

Mr. and Mrs. Ed Harms and family from San Francisco are visiting relatives here.

Mrs. Leo Wells returned Monday from a visit in San Francisco.

Mr. and Mrs. C. L. Griffith returned home Monday after a visit in the bay cities.

F. E. Adams returned Monday from a business trip to the bay cities.

Frank Diavilla returned Monday from a visit in the bay cities.

VETERAN'S WIDOW ASKS FOR AID.

George H. Anderson, a colored veteran of the Civil War, has just died and left a wife and nine children, and application has been made to the Board of Supervisors for aid. The children range in age from 7 months to 20 years, and as long as the yellow paper back continued as a part of the current literature and the family continued to increase, the heroes of the writer's dreams would have been perpetuated in living flesh and blood.

The case is a peculiar one. Anderson was wounded in the battle of Gettysburg and lost the sight of both his eyes. He drew a total disability pension from the Government of $72 a month for many years. He was married in Toronto to a white woman, the mother of his numerous progeny. They moved to Fruitvale some years ago, where they now live. The mother has been unable to get the last quarter's pension and they have been supported by the bounty of Thomas G. Armstrong.

The case has been called to the attention of Supervisor Talcott, who will endeavor to see what can be done in the case. With the application for relief are given the names of seven of the children, the youngest rejoices in the name of Supreme. Then there is a Maitre and an Olive, a Bazelene, Love and Lord Monte.

TAKE INTEREST IN POLITICS.

CHARLES GRIFFITH URGES CHICAGO BUSINESS MEN TO DO SO.

CHICAGO, Nov. 24.—In an address before the Chicago Credit Men's Association last night, Charles D. Griffith of Denver, Colorado, urged the business men to take a more lively interest in State and national politics. The wide differences in the commercial laws of the various States, he said could be regulated only through the efforts of such organization as the one he was addressing. Mr. Griffith also declared in favor of a compulsory law for arbitration.

Besides Mr. Griffith the guests were J. Harry Tregoe, president of the National Association of Baltimore; William A. Prendergast, the national secretary and treasurer of Brooklyn; Charles E. Meek, president of the organization in New York City and A. H. Foote of St. Louis. At the banquet which preceded the toasts and which was served at the Auditorium were 150 members of the Chicago Association.

The subject of Mr. Griffith's toast was "Commercial Legislation; or the Business Man in Politics."

Mr. Foote spoke of "The Credit Standing of Credit Men."

The subject of President Tregoe's address was "The Position of the Credit-men's Association in the Present Business Economy." Mr. Prendergast spoke on "Exemption Laws and the Demand for Their Modification by Credit Interests."

Mr. Foote said the credit man was not without credit, save among credit men. He read from a table which showed that the credit men of Denver had a higher rating in commercial reports than those of Pittsburg, Cleveland or Chicago, the only cities where he had made comparisons. The rating of credit men as compared with that of men in other professions was greatly in favor of the credit man.

The National Convention of the Credit Men will be held in New York next June.

PREPARE FOR INSTITUTE

HAYWARDS, Nov. 24.—The committee selected to act with the general committee of the Board of Trade, appointed for the purpose of arranging for a Farmers' Institute to be held here in the near future, met last Saturday evening in the Board of Trade rooms and the following were present: C. M. Buck, A. Ramage, A. L. Graham, E. S. Warren, H. C. Perkins, Charles Prowse and Thomas B. Russell.

A communication was read from Professor E. J. Wickson, superintendent of Farmers' Institutes for the University of California. He thanked them for their past efforts and gave them some valuable pointers. At the conclusion of the reading, the following sub-committees were appointed:

Committee on Arrangements—C. M. Buck, Chairman; I. B. Parsons; vice-chairman, Thomas B. Russell; secretary, W. J. Ramage; F. O. Webb, J. H. Gansberger, W. D. Coll, J. C. Jensen, E. S. Warren, Charles Prowse, F. Wilbert, A. Ramage, E. C. Perkins, W. E. Meek, A. L. Graham E. K. Strobridge and B. Funcheon.

Committee on Program—Thomas B. Russell, A. Ramage, M. Madison, I. B. Parsons, H. W. Meek, A. B. Cary, H. Meininger and E. J. Holland.

Committee on Finance—J. E. Farnum, E. C. Perkins, J. H. Gansberger, E. K. Strobridge, Charles Prowse, W. J. Ramage and Charles W. Heyer.

Committee on Advertising and Printing—A. L. Graham P. Wilbert, E. S. Warren, George A. Oakes, O. R. Morgan, J. B. Mendonca A. S. Vargar, and D. McCarthy.

NEW BANK IS FULLY ORGANIZED.

The Security Bank and Trust Company has now thoroughly completed its organization and will be ready for business on December 1, with offices in the Everts Block, 1220 Broadway. The officers and directors are as follows:

President, H. C. Capwell; vice-president, A. D. Wilson; cashier, Charles A. Smith; assistant cashier, Robert S. Knight.

The directors are: H. C. Capwell, A. D. Wilson, F. W. Cordes, Dr. H. G. Thomas, Theodore Gier, J. T. Harding, C. E. Snook, W. F. Fairbank, C. J. Heeseman, W. H. L. Hyrres, E. P. Vandercook.

Mr. Knight, the assistant cashier, who was elected yesterday afternoon, is well-known in Oakland. He was born in San Francisco and educated and raised in Oakland. At an early age he showed a great capacity for business and for a long time he was treasurer of the Contra Costa Water Company. Mr. Knight has a host of friends in Alameda county and will no doubt make a large success in his new venture as he is thoroughly equipped by business education to handle financial matters.

WANTS A DIVORCE.

Suit for divorce was begun today by Bertha Zelinsky who accuses L. Zelinsky of cruelty. They were married in Oakland in 1896. They have conducted a second hand store and Mrs. Zelinsky asks that she be allowed attorneys fees and a reasonable amount of allmony.

The final decree of divorce granted Birdie Butler from Louis A. Butler some weeks ago by Judge Greene was this morning changed to an interlocutory decree.

NATURALIZATION FRAUDS.

ST. LOUIS, Nov. 24.—The trial of Al. Morrow, stenographer to Governor Dockery, and Thomas B. Barrett, former marshal of the St. Louis Court of Appeals, charged with conspiracy in the fraudulent naturalization of ten alien residents of St. Louis county, began today before Judge Adams in the United States District Court.

Barrett was convicted last week, at the time of the conviction of Dolan and Garrett, of having aided and abetted others in having fraudulent citizenship papers in their possession.

Dolan and Garrett were sentenced to five years each in the state penitentiary.

Judge Adams deferred the Barrett sentence.

The testimony of Joseph J. Gillick, jointly indicted with Morrow and Barrett, who has turned state's evidence, is expected to be the chief reliance of the government.

Among the witnesses subpoenaed by Morrow are Governor Dockery, United States Senator Cockrell, Attorney-General Crow, Supreme Judge James B. Gantt, Secretary of State Sam Cook and State Treasurer Williams.

HARRY THATCHER SHOWS A REVERSAL OF FORM

Good Racing at Emeryville Yesterday But Devoid of Special Features —Three Favorites Land First Money.

There were no special features at the race track yesterday afternoon except the reversal of form shown by Harry Thatcher in the fourth race. Thatcher ran a miserable race a few days ago and yesterday galloped home an easy winner over a fair field and at 3 to 1. The races were all good, though devoid of features, and the betting lively.

Three favorites landed first and Pickaway was the only outsider at a big price to win. He sold at 7 to 1 at post time. The first race brought out a fair field of twelve starters, with Leash a favorite at 3 to 1. Dotterel, at 5 to 1 had no trouble in annexing the race with Quatre second and Toto Gratiot third.

Otto Stifel was constituted a 7 to 5 favorite in the second race and had no trouble in winning. He got off second and took the lead at the half, keeping it to the wire and winning by a head from Sir Appleby. The latter finished strong and beat Miss May Bowdish by three fourths of a length. Miss May Bowdish ran an excellent race, getting away last lengths behind the rest and with good handling she closed up fast.

San Nicholas was an easy winner in the third race, although he showed plainly that he does not like heavy going by his performance. The black horse was a well played favorite at 4 to 5. Martinmas got the place over Royal Rogue by half a length. The talent picked Orosius to win the fifth race and played him down to 7 to 5 and practically overlooked Pickaway, who opened at 6 to 1 and closed at 7 to 1. The race was a procession from beginning to end, with Pickaway in the lead and that horse won by three lengths from Mr. Dingle. Pluck, who finished third, was coming fast and in a couple of more strides would have taken the place.

There was nothing to the last race but Lord Melbourne. He won easily by six lengths. The public liked his chances and played him down to even money. Following are the results:

FIRST RACE—(Futurity course.)
Dotterel (Kunz), 5 to 1.....1
Quatre (Wilson), 4 to 1.....2
Toto Gratiot (Hildebrand), 6 to 1.....3
Time 1:15.

Batidor, Merwan, Tauesm, Leash, Indiana, Mamie, The Counselor, Alice Callihan and So So also ran.

SECOND RACE—(Five furlongs.)
Otto Stifel (Hall), 7 to 5.....1
Sir Appleby (Connell), 20 to 1.....2
Miss May Bowdish (Crosswaite), 40 to 1.....3
Time 1:05.

Harbor, Florianna Bell, Effervescence, The Bugaboo, Bombardier, St. Yusef, Minimum and Maxetta also ran. Samar was scratched.

THIRD RACE—(Six Furlongs.)
San Nicholas (Adkins), 4 to 5.....1
Martinmas (Otis), 15 to 5.....2
Royal Rogue (Hall), 5 to 2.....3
Time 1:17.

Dungannon and St. Wilda also ran.

FOURTH RACE—(One mile and 50 yards)
Harry Thatcher (Martin), 3 to 1.....1
Dr. Bernays (Waldo), even.....2
Rose of May (Lewis), 4 to 1.....3
Time 1:51.

Red Tip and Max Bendix also ran.

FIFTH RACE—(Futurity course.
Pickaway (Lewis), 7 to 1.....1
Mr. Dingle (Martin), 7 to 1.....2
Pluck (Daly), 8 to 1.....3
Time 1:14¼.

Piratical, Elfin King, Orosius and Ball Room Belle also ran. Dug Martin was left at the post.

SIXTH RACE—(One mile.)
Lord Melbourne (Oliphant), 4 to 5.....1
Glenaryon (Waldo), 6 to 1.....2
Ancel (Ferrell), 4 to 1.....3
Time 1:46.

Last Knight, Cambaceres and Egg Nogg also ran.

MRS. ADOLPH LADENBURG, OF NEW YORK, ONE OF THE BEST WOMAN RIDERS IN THE COUNTRY.

WILL BEGIN NEXT SUNDAY.

WINTER BASEBALL SERIES OPENS AT GOLDEN GATE NEXT WEEK.

There is but one more week of ball playing for the Coast League, and then the California Players' League will have full sway. If the weather is good, the fans of Oakland will be treated to a fine exhibition of the national game. The four teams of the League are the Gantner-Matterns, the Jesse-Moores, the Reliance and the Joaquins. The season opens next Sunday at 12:30, directly after the morning game. The Jesse Moores and the Reliance will be the contestants, and they certainly ought to put up a swell game, if dope counts for anything The Gartner-Matterns and Joaquins play at 2:45. These two teams have met before on two other occasions, and each contest was a ten-inning affair. The Gantner-Matterns won the first by a score of 7-6, and the second game went to Joaquins by a score of 6-4.

The management of the Joaquins has signed "Heine" Schmidt, and Schmidt's smile will again be seen by the fans. The manager also had a lengthy talk with "Billy" Dunleavy, and hopes to land him before the end of the week.

DIFFICULTY IS ADJUSTED.

YOUNG CORBETT AND HANLON WILL MEET LAST OF DECEMBER.

Young Corbett and Morris Levy of the Hayes Valley Club have settled their difficulties and it has been definitely decided that the champion feather weight will meet Eddie Hanlon before Levy's Club some time between Christmas and New Year. The weight limit has been fixed at 129 pounds at 6 o'clock.

The difficulty was adjusted by Levy refunding Corbett his traveling expenses from New York and agreeing to give him 5 per cent of the gross receipts in addition to his share of the 50 per cent which will go to the fighters.

Young Corbett will go to Lakespur very shortly to commence training for the contest and Hanlon will go to Alameda to do his. The champion wanted to take up his quarters at Cecil's Garden but Hanlon was given first choice as he is a great favorite with the proprietor.

There is much pleasure evinced over making the match, by the fight fans as they are anxious to see the two together again and have the mooted question of superiority settled.

BIG CHANGE IN BETTING.

GARDNER STOCK IS NOW IN ASCENDENCY—FITZ DISSATISFIED.

Tomorrow evening Robert Fitzsimmons, the former heavy and middle weight champion of the world, will meet George Gardner in a twenty-round boxing contest before the Yosemite Club of San Francisco for the light heavy weight championship. The contest will take place in Mechanics' Pavilion and judging from the advance sale of seats there will be an immense crowd on hand to witness it.

Great interest has been manifested in the meeting and the chances of the two men thoroughly discussed. It is very seldom that a contest has occasioned so much talk and comment as this one has. It is expected that it will prove the banner contest of the year, the Jeffries-Corbett fight not excepted. The betting is brisk and a deal of money will change hands.

There has been a decided change in the betting and Gardner is fast becoming the favorite. A few days ago Fitz ruled a strong favorite at 10 to 6 and Gardner money was scarce, but now the opposite is the case and last evening the odds were 10 to 9 with Fitz on the big end. By tonight it would not be surprising to see Gardner the favorite. The idea has gained ground that Fitz is a has-been while Gardner is at his best and this opinion has influenced the betting.

During the past few days the training camps of the two men have been besieged by visitors who were anxious to get a line on the two. One and all have been favorably impressed with Gardner's work but not so with Fitz's. The old man of the ring does not seem to possess the life and stamina that he did a few years ago and even he, himself, is not satisfied with his condition. He has had several colds and these have left him stiff in the joints.

Tomorrow night will tell the tale of whether Fitz still has the ability to put up a good contest or must succumb to youth and strength.

MAY REMODEL BUILDING.

Permission has been granted by the Board of Public Works to W. W. Morrison to remodel his building on the north side of Ninth street, between Wood and Willow.

OIL INJURES THE BOATS.

YACHTSMEN COMPLAIN OF REFUSE OIL FLOATING ON ESTUARY.

The yachtsmen who make their homes on this side of the bay are complaining because of the refuse oil which is permitted to flow upon the estuary from the oil carrying vessels and through the California Yacht Club they have issued a warrant against the chief officer of the Roseranz of the Madsen Navigation Company.

The warrant was issued by Judge Quinn and charges them with allowing the oil to escape from the vessel onto navigable waters, which is contrary to the State laws. An effort will be made by these means to stop the nuisance. The yacht owners claim that the oil on the water injures their craft and ruins the paint.

WANT A GAME.

The Morning Glory's have won every game they played. On Thanksgiving Day they will play the Abrahamson's at 9:30 a. m. The Morning Glory's are clever boys. They will play any team under fourteen years of age. Address afal challenges to Frank Flores, 811 Castro street, Oakland.

The line-up is as folows: F. McMillan, catcher; W. Brown, pitcher; E. Flores, first base; Hart, second base; M. Weber, third base; F. Flores, short stop; E. Norton, right field; Bert Stevenson, center field; L. Encinas, left field.

INTERNATIONAL SEAMEN'S UNION.

NEW YORK, November 24.—The International Seamen's Union of America is holding its convention in this city, with forty-two delegates, present, representing a membership of 25,000 seamen from the Atlantic and Pacific coasts and Great Lake ports. President Penje, of Chicago is presiding. Among the other officers present is Treasurer E. Anderson, of San Francisco.

A MAN CAN'T WORK

WHEN HE IS SUFFERING WITH PILES.

He Can't Eat, Can't Sleep, Can't Get Comfort Any Way But One—Pyramid Pile Cure Will Cure Him, Give Relief at Once—Never Known to Fail.

Just a little pain may so distract a man's mind that it will cost him hundreds of dollars. Life is a battle. To succeed, one needs all his energies and all his brain force to apply to the question at hand. Even a corn will make him irritable, cross, angry—and an angry man seldom succeeds. The trifling pain of a corn is a pleasant feeling beside the agonizing ache of piles. That is a pain which seems to pervade the whole body. It communicates itself to all the parts near the seat of trouble and brings on a heavy, dragging feeling in the perenium. Those who have never so suffered do not know what it means. It racks the nerves, prevents sleep, prevents concentrated thought and makes a man lose flesh as fast as he would with a virulent fever.

And yet piles are looked upon as a little thing. They are neglected—allowed to run on from month to month and year to year. By and by comes a dangerous surgical operation. Maybe it cures—maybe it kills.

There is only one sure, safe and quick cure for piles. It is the Pyramid Pile Cure. It is a recent discovery and its properties are such that it cleanses, soothes and heals the inflamed parts, reduces the inflammation at once, and with continued treatment removes all swelling and all trace of the disease. It puts the membranes in a healthy, active condition and cures completely and permanently.

From Samuel Victor, Detroit Mich., "I had not written you sooner because the first box of the Pyramid Pile Cure I used helped me so much and I wanted to wait until I was completely cured, and so it was after using three boxes of your Pyramid Pile Cure, I am entirely cured of the terrible disease from which I have suffered six months; and now I am using Pyramid Pills which help me very much."

From B. H. Palmer, Windsor, Calif., "I have been troubled for fifteen years with piles and have tried different salves and ointments, but never came across anything like your Pyramid Pile Cure. I used two 50 cent boxes three months ago, and they have made a complete cure, and I am recommending them to every one I know to be afflicted. Thanks for the cure."

From Thos. A. Nixon, 854 N. Bambrey street, Philadelphia. "It is now time I should let you know that I am cured of bleeding piles. If you only knew how I suffered from them for the last nine years, in pain. Last April I went to the drug store and bought a 50 cent box of Pyramid Pile Cure, and I found at last a good cure. I had spent dollars trying to get cured of my piles; all others have failed to cure me, but now I am happy to have a good sleep and be able to work also."

Pyramid Pile Cure is sold by druggists generally. If yours doesn't keep it he will get it for you if you ask him. Bolt on cause and cure of piles sent free. Address Pyramid Drug Co., Marshall, Mich.

TO HAVE STOCK COMPANY.

OAKLAND BASEBALL TEAM WILL HAVE BIG BACKING NEXT YEAR.

It is now more than probable that Cal Ewing will form a stock company to control the Oakland baseball club next year. He will continue to hold the controlling interest but will increase the capitalization of the club and conduct it very much the same as the Los Angeles team is. It is planned to have the best talent that money can buy on the Oakland team next year and to land the 1904 pennant on this side of the bay.

It seems improbable that Sacramento will be in the league next year as that city has failed to give the team the proper support and baseball has been a losing proposition for the Sacramento management. The people of the Capital City were given due notice of the fact but failed to come up with the patronage. Consequently another city may get the place in the league.

It has been stated that President Moran will retire from the office of chief executive at the next meeting at his own request and that the place will go to a northern man. It is also stated that Eugene Bert will not serve another year as vice-president. The meeting next month promises to be an important one as many things of great moment will come up for a final settlement.

BIG FERRY LAID UP FOR REPAIRS.

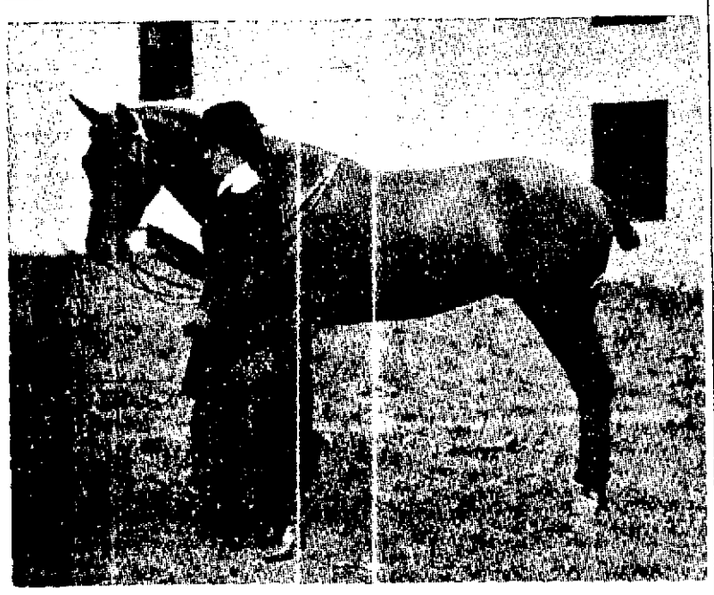

PORT COSTA, Nov. 24.—While entering the slip on this side of the straits at 10:30 yesterday morning with the delayed Oregon train aboard, the big ferry boat Solano broke a crosshead and had to be taken off her run for repairs. It will be several days before she will be able to carry passenger and freight trains. In the meantime the Portland and Ogden passenger trains will run by way of Stockton and local trains via South Vallejo.

THIRD HOLD UP ON THE PENNSYLVANIA RAILROAD.

WILLIAMSPORT, P., November 24.—Two men entered the station at Montgomery and demanded that the two operators give them the time of the arrival of a certain freight train. The operators were averse to doing this when the men grabbed hold of them and told them that if they did not give the information asked for they would be "done up." The operators then gave the time of the departure of the train and the men left the place.

This makes the third hold-up since the Clendenning murder at Brown tower.

Information from Renova, Pa., says that Hector Hughes, a Pennsylvania engineer, was attacked by one of the band of robbers which has been operating in Eastern Pennsylvania. The man attempted to strike Hughes down with a club and a fight followed. The robber escaped.

The above showing is no improvement over that of September, and is not remarkable, since we have excelled it time and again during the past three years of our uninterrupted betting operations. Good as it is, however, we are confident that we will make it "look sick" by comparison with the showing we are going to make at the meeting of 100 days which begins at New Orleans this month.

We Pick the Winners

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Lankdon, Joe Yeager, and other famous plungers who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the the horses in their early- morning trials, and in that way learn when they are ready to win.

The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public upon a level with the winning plungers, and our success in this accomplishment has made us famous on two continents.

We do business only on the great racetracks of the U. S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired millionaire capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges.

Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the race track in the afternoon through us, and receives a notification by mail in a letter guaranteed to bear a postmark earlier than the race is run, or just what horses are to be backed for his account. By the next mail he is informed of the result of the day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of his accounts, with a money order for his profits, less 25 per cent, which we deduct as our fee.

This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

Our Clients Won a Million Dollars

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim & Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy organization, capital and advertising, have secured an enormous clientele, which means the command of much capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well is that they win three weeks out of four and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables of race horses and who are cutting an important figure on the turf, began the game as mere novices, playing our selections through us.

The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed out, is derived sulely from the percentage of the winnings of our clients, and if we cannot make you win, our entire income is cut off. That we have been successful in making our clients win, is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and less business-like methods, have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "Get-rich-quick" operators tried to break into the field successfully occupied by the older and more responsible firm, but it did not take the press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterruptedly, while in the ranks of our rivals there have been scores of enterprises initiated, only to end in failure.

A Few Hundreds of Recent Endorsements of the Press

Cincinnati Commercial-Tribune, March 1, 1903.

Maxim & Gay, who have been so successful in selecting winners at the New Orleans races, are in a class by themselves, and have no relation in their system of operation to the "get-rich-quick" schemes that have recently gone to pieces disgracefully to those who patronized them. Maxim & Gay do not guarantee their clients profits nor against losses, but merely play the money of their subscribers and deduct a fixed percentage from winnings for placing the commissions. This point is made clear in all their announcements. What they guarantee to do is to confidentially handle all money forwarded them and place it on the races just as if it were their own. They have in their employ as "clockers" the most expert judges of track work in the country, and there is not a horse at the New Orleans meeting that they have not a record of. The information collected in this way is used to the benefit of their subscribers, and its reliable character is attested by the numerous winners they have picked in the past two weeks.

Maxim & Gay are the pioneers in this line of investment or speculation; they have been established three years; their conduct their business on straightforward business lines; their methods have been thoroughly investigated and are entirely different from those pursued by the "get-rich-quick" schemes, so-called, which were but recently closed by the authorities. The transactions of Maxim & Gay are legal in every sense, and they do exactly what they advertise to do, that is, play the money of their subscribers on the horses they judge will win, and they usually win. Prompt and proper accounting is made of the result, but they guarantee no fixed profits, though those who have continuously patronized them have not been losers.

St Paul Dispatch, February 28, 1903.

An investigation of the methods of the Maxim & Gay Co. shows them to be conducting their business on straightforward business lines. They have been established nearly three years. They do not guarantee clients profits or against loss, but merely place subscribers' money on judgment of experts, charging a fee for information and deduct a fixed percentage from winnings for placing the commissions. They are the pioneers in this line of investments or speculation.

N. Y. Morning Telegraph, February 23, 1902.

Since the incorporation of the Maxim & Gay Co. the casual racegoer can possess himself of as much if not more knowledge of the comparitive merits of the horses, and their chances of success, as the "regular" who burns the midnight oil studying from charts. The one secure through this company, which is incorporated under the laws of New York State, the expert knowledge and expert judgment of an experienced combination of horsemen whose duty it is to find out for him such things concerning the horses as he could not possibly find out for himself, unless he devoted his entire time and attention to the business. Even then, to do as well, he would have to possess a peculiar talent and be specially fitted by experience and natural ability.

Cincinnati Times-Star, March 2, 1903.

The Maxim & Gay Company, well-known purveyors of turf information, should not be confounded with "get-rich-quick" turf investments or concerns of similar character. They have been established nearly three years. They place subscribers' money on judgment of their experts, and deduct a fixed percentage from winnings for placing the commissions. They are the Napoleons in this line of investments or speculation.

Memphis Evening Scimitar, March 2, 1903.

The advertisements that appear from time to time in the columns of the various newspapers with reference to the turf plan of Maxim & Gay Company tell a story entirely different from the exploits of the defunct "get-rich-quick" concerns.

The Maxim & Gay Company transact business thoroughly and solely on business principles.

JOIN OUR WINNING ARMY

The greatest race meeting in the history of the South begins at New Orleans within a fortnight. In magnitude it will surpass all other turf gatherings of the past. The Crescent City Jockey Club knows this to be a banner year and has prepared for it. So have we. If there are more horses at the New Orleans racetrack than ever gathered there before, we have more expert "clockers" and handicappers than we ever employed at any other meeting. They cannot make the game too big for us to handle. We move with the times.

If you want to get aboard our discretionary series, at New Orleans, in which we play daily those and only those horses we think A1 betting propositions, with the privilege of not playing any horses at all on days when we consider betting unpropitious, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting, if your money reaches us in time; otherwise, we will begin play the first day it reaches us after the meeting has begun. Money should be sent by bank draft, express money order, or currency in registered letter. Uncertified checks are not accepted.

To Maxim & Gay Co. (Incorp.), 928 Canal St., New Orleans, La.
In accordance with the terms of your ad in the Oakland (Cal.) Tribune, I enclose ..... Dollars. Please bet for me daily ..... Dollars on each selection of your Discretionary Series at the New Orleans races. You agree to send me every day, in a letter postmarked before the races are run, the names of the horses which will be played for my account that afternoon and to send me statement and check weekly for profits, less 25 per cent of winnings. Post odds are guaranteed as published in the New Orleans newspapers. My account is subject to withdrawal in full on demand.

BROWN SYSTEM IS LIKED.

OFFICIALS IN CONFERENCE AND EMPLOYES AT CLUB A.P. PROVE IT.

During the past few days all the division superintendents of the Southern Pacific have been in conference with Messrs. Kruttschnitt and Agler discussing the so-called Brown system of discipline, which has been in force on the Southern Pacific, Sante Fe and a number of other roads for several years past.

The question brought up for discussion at the Pacific Coast Railway Club was therefor a very timely one: "Can the Brown system of discipline be improved? Would it not be advisable to de-rate the employe a percentage of the marks given in the record of suspension against his seniority?"

W. H. Sheasby, of Fresno; H. L. Stevenson, foreman engineer, of West Oakland; T. R. Jones, of Tucson, Arizona; H. H. Hale, of Dunsmuir, all took active part in the discussion.

It is understood that the Southern Pacific people regard the system of discipline with necessary modifications to suit local conditions as being a very good one from the standpoints of both the company and the employe.

A personal record of each man is kept and each of his irregularities or violations of company rules is noted. Each irregularity is also bulletined together with a statement as to how it could and should have been avoided.

The Southern Pacific officials say that the system has greatly reduced the causes for instant dismissal and is a means of education to the men.

The system seems to have proved of much instruction to employes so far and the bulletins are always scanned with interest.

STRUCTURAL CHANGES IN WROUGHT IRON."

Howard Stillman's paper on "Structural Changes in Wrought Iron" excited much favorable comment at the meeting of the Pacific Coast Railway Club Saturday evening. Mr. Stillman's paper in part was as follows:

"The matter of change in structure or grain of wrought iron occurring as the result of strain or long-continued vibration, is one that has called for considerable discussion and study. It is not the purpose of the writer to present anything new in this line, further than the results of special tests made may be new to the reader. A statement of conditions found in engineering practice is generally of interest and facts can not be too often repeated.

"The subject of this paper relates only to manufactured, rolled, or what is commercially known as fibrous wrought iron so called because its cross section, when torn apart, has a fibrous appearance without crystalline structure, as appears in cast iron.

"We may discuss the structural change in wrought iron by a brief reference to certain laws of matter and the phenomena of crystallization. All matter is made up of infinitesimally small particles—atoms or molecules we will call them, without going deeper into modern science. These molecules obey certain fixed laws of attraction and repulsion in regard to each other that are peculiar to the substance itself, and more or less dependent on local conditions, as the degree of temperature.

"We may have a substance in solid, fluid, or gaseous form, depending on local conditions of temperature affecting the relative coherence of the molecules.

"It remains for us now to briefly consider the manufacture of wrought iron. We know it to be a comparatively pure state of metal produced by working and puddling the decarbonized mass to free it from impurities, and that in a hot, plastic, or semi-fluid state it is hammered or rolled. The effect of this working and rolling appears to force the cooling particles to assume unnatural form, instead of allowing to set in their naturally crystalline shape.

"The examination of a piece of well-broken wrought iron will show a coarse crystallization. In the case of our twisted bars the crystals are quite fine. This again shows a coincidence with known laws, as slowly formed crystals are always larger than when quickly formed in the same substance."

FREIGHT CAR IS PUSHED OFF THE ENCINAL.

A large freight car was shoved off the stern end of the Encinal yesterday while that vessel was loading on freight cars at the Peralta street slip. Another was dragged with it half-way over the edge and threatened every moment to follow the first. The first broke away, however, and now blocks the Encinal's exit. A derrick will be needed to raise the car and permit the vessel to resume her run.

OFFICIALS PAY VISIT TO THE RAILWAY YARDS.

The long-looked for inspection was carried on yesterday at the West Oakland Railroad yards. Among the prominent officials who were present were Superintendent James Agler, Division Superintendent W. S. Palmer, J. C. Wilder and Mr. Lloyd of the engineering corps.

THE SOLANO BROKE HER CROSS HEAD YESTERDAY.

The Southern Pacific vessel Solano, the large transfer boat which runs between Port Costa and Benicia, broke one of her cross heads yesterday morning and as a result is now tied up for repairs. The broken cross head was sent to Sacramento and the accident will mean a delay of about four days.

PERSONAL ITEMS FROM THE RAILROAD YARDS.

Bob Fisher, of Berkeley, who runs the buffer planer, has been off since last Friday with a severe cold. Jack Newhall has been filling his place.

D. McLeod has returned from a duck hunting trip to San Mateo. He brought back ten birds.

George Wentworth, foreman at Port Costa, visited the railroad shop yesterday.

Burlington Route

The Best Way East

If you enjoy grand scenery there's only one way for you to go east—via Salt Lake City, Denver and the Burlington Route, the scenic line across the continent.

Burlington tourist cars by this way leave California three times a week for the East. There are no changes or delays—you go right through to Omaha and Chicago, or Kansas City and St. Louis. Connections at these cities for all points beyond.

Scenic attractions are not all—will be glad to tell you about the others. Call if you can, but write me a line if you can't.

MRS. LOVELL'S AFFAIR.

Mrs. Chas. Lovell has sent out invitations for a large card party to be given December 5th, with Mrs. J. Loran Pease as guest of honor. Five Hundred will be the game and one of the most enjoyable affairs of the winter season is anticipated.

What to Do Until the Doctor Arrives.

"One of my children was taken with cramp colic and suffered severely," says S. B. Elzee of Monett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." For sale by Osgood Bros., Seventh and Broadway, Oakland, Cal.

CONSUMPTION CAN BE CURED BY AIR

NEW YORK, November 24.—The "open air" treatment for tuberculosis started by the Health Department on North Brother Island, has proved a success, say physicians who have watched the experiments. A hospital for the treatment of the disease was established on the island and out of 127 patients who entered the institution six months ago, 84 have been discharged as cured and only eleven are under treatment now. Eleven have died. The mortality is placed at 25 per cent, which is a low average when it is considered only the worst cases have come to the island.

Pure air, sunshine, good food and absence of worry have been the principal factors in attaining these results.

GOOD ATTENDANCE AT UNIONS.

BUTCHERS PLANNING A DANCE TO BE GIVEN IN FEBRUARY.

The clerks had a largely attended meeting last night, the occasion being the voting on next year's agreement. The schedule was threshed out carefully, section by section and then adopted. It is practically the same as the one in force at present. It will be presented to the employes for signature next month and will go into effect in January, 1904.

The merchants are asked only to sign an agreement from year to year, so each November a new one has to be made out.

Eight new members were initiated into the union and several applications filed. The union will, after January 1, 1904, hold its meetings in the larger room of Fraternal Hall. The smaller one, which is being used at present, has been deemed inadequate for the needs of the organization.

CARPENTERS.

A. H. Ford and E. Thompson were last night seated as delegates to the District Council of Carpenters from Local Union No. 36, to succeed William Atherton and George Stackley, resigned. Several socialists, members of various local unions, visited the council and expounded the doctrines of their party for the edification and enlightenment of those present.

TEAMSTERS.

Teamsters' Union, Local No. 70, held a good meeting last night. One new member was initiated and several applications were filed. The executive committee was instructed to confer with the executive committee of the Express and Draymens Union, in regard to members of the latter organization hiring men who had been suspended from Local No. 70.

There was considerable discussion concerning the action of Local Union No. 85, of San Francisco, in not issuing or receiving transfer cards. Recording Secretary Robert Smith stated that, in accordance with instructions given him at last week's meeting of the union, he had written to the International headquarters in regard to the matter and expected an answer next month.

Four brothers who have been sick in the hospital had their dues remitted and one brother who has become incapacitated through age and sickness, was made an honorary member of the union.

MEETINGS TONIGHT.

The Retail Delivery Wagon Drivers and the Machinists will meet this evening at California Hall, 1015 Clay street; the Fruitvale Carpenters at Coates' Hall, East Fourteenth and Whittier streets; the Shoemakers and Cooks and Waiters at Eighth and Broadway; the Building Trades' Council, Cement Workers and the Horseshoers at Kohler and Chase Hall, Broadway and Eleventh street.

CEMENT WORKERS.

At the meeting of the Cement Workers tonight there will be brought up for discussion the new by-laws submitted by the national organization to the referendum vote of the various local unions.

STABLEMEN.

The stablemen will meet next Monday evening to discuss plans for the enlargement of the co-operative stable.

BUTCHERS.

Three new members were initiated into the Butchers' Union last night and several applications filed. Word was received from Los Angeles that the Oudahy Packing Company had been boycotted. The Oakland union was thanked for its third donation to the striking Los Angeles butchers. This is the fifth week of the strike and not a man has deserted who walked out when the strike was ordered. The men are confident of winning and say the employers can't hold out much longer.

The dance committee reported progress. Germania Hall and Allen's concert band have been engaged for the affair, which will take place early in February.

The committee is now at work on the prizes. It is the intention to offer several large cash prizes.

THANKSGIVING SERVICES.

The annual Thanksgiving evening service will be held as usual this year at the Church of the Advent, Twelfth avenue, and East Sixteenth street, the Rev. William Carson Shaw, rector, officiating, on Wednesday evening at 8 o'clock. The following is the arrangement for the service:

WILL DISCUSS CANAL.

PARIS, Nov. 24.—Georges Thiebaud, former leader of the Panama Canal movement, and president of the committee of bondholders of the old company, has announced that a public meeting will be held to criticise recent events, particularly the course of the French government. He asserts that French influence has suffered an "economic Sedan" by countenancing Panama's complete turning over of the canal to the United States.

A Startling Test.

To save a life Dr. T. G. Merritt of No. Mehoopany, Pa. made a startling test, resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Osgood Bros., druggists, Seventh street and Broadway.

MINISTERS NOT ABLE TO AGREE.

CONSTANTINOPLE, Monday, Nov. 23.—The Council of Ministers deliberated for ten hours on the Macedonian reform scheme yesterday and resumed its discussion today. It is said that there are pronounced divergencies of opinion among the ministers regarding the reply which should be given to the Austro-Russian note.

The ministers are so impressed with the gravity attaching to their decision that they did not even separate for dinner yesterday evening. They were served with refreshments in the council chamber and sat until 10 o'clock at night.

THE GREATEST "WOMAN'S MEDICINE"

No. 5 West Lexington Street,
BALTIMORE, MD., June 17, 1903.

Wine of Cardui is the only real reliable medicine for a sick woman. I tried several other medicines before I tried it but Wine of Cardui cured me. For four years I suffered with profuse menstruation which weakened my system and debilitated my strength until I became so weak that I was unable to work. I was in despair as I had spent a good deal of money uselessly until I tried Wine of Cardui and then I began to get better at once. My menses which had been frequent and profuse and painful soon became regular, painless and the flow natural. I therefore consider that it is all the medicine a sick woman needs, it is better than all the doctors and other medicines, its cost is trifling, and it cures in a remarkably short time.

Rachel Littleson

HISTORIAN, DAUGHTERS OF THE AMERICAN CONFEDERACY.

Wine of Cardui is a scientifically prepared medicine which does one thing and does that well. It regulates menstruation perfectly. There are no conflicting diagnoses to this treatment. The only diagnosis needed is that the menstruation is disordered and should be corrected. And following this principle Wine of Cardui has been the most successful female medicine that can be secured anywhere. In regulating the menstruation Wine of Cardui builds up and re-inforces the womanly organism. It drives out weakness and disease. With menstrual irregularities corrected, bearing down pains and ovarian troubles disappear. Headaches are banished, the nerves are strengthened and the sufferer begins to feel better at once as Miss Littleson describes.

You make no mistake in advising any woman to take Wine of Cardui. It is a medicine which almost every woman needs periodically to keep her in health. You could not make a better investment than to go to your druggist today and secure a $1.00 bottle of Wine of Cardui and take it in your home. Wine of Cardui cured Miss Littleson when every other known remedy failed. Will you try it?
